**Secretary interviews Balram Naik & others on Mana TV**

## Balram's Big Battle With Poverty

"Anyone who has ever struggled with poverty knows how extremely expensive it is to be poor."-James Baldwin

Can there be anyone who is not moved by the efficacious account of Mr. Balram Naik's success telecast on ManaTV? We believe everyone of you must have been. So are we. The strong urge to meet him just to congratulate personally, gave me an opportunity to interview such an iron - willed gentleman on behalf of our APSWREI Society. Balram Naik did not let fate frown upon him to live a dismal life of rustic man. Bit by bit, he went on striving till he stood tall among others. He never once diverged from his path of get-up-and-go despite scornful circumstances. The Swaeroes journal is waiting to inspire thousands of its Swaeroes through the narration of his life-story. And when you approach this tall gentleman, the first thing that captivates you is his meek, modest, smiling demeanour and soft-spoken traits.

It's time to delve deep into the details.....seepage no. 4

# BREAK IT LIKE BALRAM

**N**enavath Balaram Naik was born on 29<sup>th</sup> July, 1980 in Keshianayak thanda located on the outskirts of Thirumalagiri village in Balanagar mandal of Mahaboobnagar district in Andhra Pradesh. His parents, Hunya Naik and Kesley were the personification of hardships. They had a meager land of two to three acres which was all barren. Both his parents were manual labourers. Balaram was the eldest of the six brothers and a sister.

Balaram's elementary education was done in a poor rural school away from his *thanda*. For his upper primary education, he had to walk down to a school in Pedda Revathi. When he was in IV Standard, his father migrated to Hyderabad and transformed into a rickshaw puller. However, Balaram had to stay back in *thanda* to be looked after by his granny. Every day, it was his duty to fetch water from a nearby well, and firewood from distant jungle. For secondary education, along with a few of his pals, he left for Jadcherla to study in a Zilla Parishad High school. Here, he was put up in a welfare hostel where his admission

proved to be an arduous task. Yet, he says, **"I worked hard and got through SSC in 1996 with first class marks and also stood first in the class. There was a lot of motivation from my teachers and it made me come out."**

But his delight did not stand long. Later, he went off to Hyderabad where his father had already been pulling life with a rickshaw. He joined Dr. B.R. Ambedkar Junior College at *Bagh Lingampally*. With a great difficulty he got admission into MPC. Owing to miserable conditions of life, his attention on studies was diluted and so he failed in his first year examinations. He lost only his examination but not his hope. He changed his group to CEC and passed privately in the year 1999. But life gave him a different twist here. Soon after 1 year of intermediate education, being meekly compelled by his family members, he got wed to have a consanguineous wife. The troubles got doubled. He had to come to the rescue of his rickshaw pulling father. So during scorching summers, he incarnated himself as **a coolie in an**

## Balram's Journey

- Keshianayak thanda to *capital city*
- Social Welfare hostel to *Singapore*
- Illiteracy to *English*
- Autorikshaw to *Govt. vehicle*
- UKG to *UPSC*
- Darkness to *light*
- Adda to *IRS*

*Mr. Bharat Bhushan, Chief Commercial Manager, South Central Railway, in his admiration note says, "He is a role model to all. His life is one of the best examples to emulate despite shortcomings such as poverty, drunkenness, illiteracy and bad habits which surround the villages."*

**attire of lungi and towel and stood at labour-adda and managed to get work at construction sites in Golnaka, Nallakunta and Vidyanagar areas.**

These troubles recall a painful experience of his childhood faced by him when he was in his village. His father had confiscated him to a contractor to work for 30 days. The work mainly consisted of sieving the sand, mixing cement and carrying it to the construction site. Having worked for 30 continuous days till late in the evening, he got splitting cracks over his heels. His mother would apply turmeric paste over the cracks. After all this, to the utter shock of every one, the conceited contractor declined full payment. This left a deep mark on the child. He thought he should never do such labour work again, but destiny did not allow him to get rid of this work. But he did not allow destiny to deter his studies.

Labour on one side, studies on the other. Now that he finished his Intermediate, he joined B.R. Ambedkar's Open University at *Kachiguda* study centre to do B.A with EPP as specialization. During this time, they all resided in a small house in *Golnaka* by paying a rent of Rs. 450 per month. The burden was twofold: of studies and of the family. Since he had classes only on Saturdays and Sundays, **he purchased an auto with a loan sanctioned to him under the PMRY Scheme and he plied it nearly for four years.** Again, he failed in one subject. The reason for his poor performance in examination can be easily guessed. Somehow, after a lapse of one year, he passed out the examinations with second class marks. Now, it was a matter of pride for him because he was one among the three from his *thanda* who completed graduation.

His success in graduation and his life in Hyderabad prompted him to go for coaching in **civil services at AP Study Circle.** But, he learnt that the minimum requirement for this coaching at AP Study Circle was post graduation. So he took admission into M.A. in Public Personal Management (PPM) as a private candidate and with unflinching determination finished it. During this period he had an idea that he should also learn English. The Ramakrishna Mission in Hyderabad was at his disposal. **What's more he attended spoken English classes.** He said it is the Ramakrishna Mission that developed discipline and positive attitude in him.

Like an indefatigable warrior, he went on to prosecute M.Phil. He appeared for the entrance examination along with 40 regular students of M.A. To the surprise of everyone, Balaram was the only candidate to get qualified for M.Phil and by seriously working for two years, he finished M.Phil during 2006-2008. While doing his M.Phil, he also wrote the UGC-NET and got through it successfully. What should we call his spirit for learning!

His heart went again for preparation of civil services examination. He started seriously preparing for **Union Public Service Commission (UPSC)** and qualified only for Mains in 2008. Can we expect him to give up? No, he never did. He attempted for the second time, called for Interview and yes, he dream has come true. He turned out to be a successful candidate in **Indian Revenue Services (IRS).** Your heart sinks to know that

**Balram & his parents with his auto**

he missed his IPS just with one single mark. Yet he was not disappointed for his long journey of ups and downs, his trials and tribulations taught him not to be disappointed but to be contented with the big IRS.

At any juncture if he had weakened his heart because his father was a rickshaw-puller and mother a manual labourer; or because he was born in a distant rustic *thanda*; or because he has many an illiterate sibling to be taken care of; or because he had to marry even when he was in intermediate; or because he was unsuccessful (failed) twice in his examinations, would he have come up in his life with flying colours to be seated on the throne of success with a not-so-easily attainable goal of IRS? Would he have stood tall among the people of his community, for that matter among his villagers, unless it is for the steely strength of mind, perseverance and achievement? Yes, it is these that made him an Assistant Commissioner of Customs, Central Excise, Service Tax and Narcotics. **An incredible success story, isn't it?**

**At the success of his son, his father says, "We are too innocent to understand his success. One thing we know is he got the best of jobs. My other sons too are educated. We are now leading a happy life."**

Kudos! Balaramji kudos!

N.B: And as a man who has seen different facets of life, he hasn't stopped here. He goes back to the poor and illiterate, he goes back to his village, his hostel, convenes meetings, and conducts medical camps with all humility. Last but not least he wishes to serve the APTWREIS taking his cue from our Secretary.

# SWAEROES COUPLE

**D**r. K. Rambabu was a cute little boy who got admitted in 5<sup>th</sup> class at kallur, SWR school, in Khammam district. His sparkling eyes were indicative of a promising student.

*He gave appointment at 4 pm, I reached his hospital at 3:45 pm, I dared not enter his room. It was so crowded. Many patients were waiting for his 'darshan'.*

*After soothing all the anxious patients he invited me in to his room with a smile. Though he is a famous doctor, he looked like a kid to me. On seeing me all his reminiscences of his struggles for education surfaced out.*

*Incidentally I came to know that his spouse, Dr. Aruna too is a Swaero and I took a chance to greet them both and had a long conversation which I'm sure will delight the readers.*

**Sridhar:** Could you tell us about your nativity and family?

**Dr. Rambabu:** I am a native of Meenavolu Village in Yerrupalem Mandal, of Khammam-Dist. My father was a farmer, he is no more. I have a brother and a sister. My wife is also a SWAERO. She is also a doctor. We have a daughter and a son.

**Dr. Aruna:** I studied I - IV Classes at My native Village, Valluripalli, in Thadepalli gudem Mandal.

**Sridhar:** what about your primary school education?

**Dr. Rambabu:** I studied up to 4<sup>th</sup> class in my native village,

Meenavolu.

**Sridhar:** Where and how did you happen to join SWR school?

**Dr. Rambabu:** I wrote the admission test for admission in APSWR School (Boys) Kalluru, I got the seat and studied there up to 10<sup>th</sup> class. I then got admission in APSWRS/JC (Boys) Palvoncha, and studied Intermediate there with Bi.P.C Group.

**Dr. Aruna:** I got admission in APSWR School/Jr.college(Girls), Polasanapalli, West Godavari District. I studied there from V to Intermediate. My father was very particular to see me as a doctor.

**Sridhar:** How did you get into medicine? Who was your inspiration?

**Dr. Rambabu:** I couldn't get a seat in medicine in the first attempt. I went to KORA, Nellore for long term Eamcet Coaching, I got the seat in MBBS in ASRAMS, Eluru in 2001, I completed the course in 2007. My mother is my inspiration. She instilled in me the strong desire to become a Doctor. I was inspired by the motivation given to me by the principal Sri P. Bharath Babu, and Physics lecturer Sri Mallareddy sir, who took classes separately early in the morning and gave very useful notes.

**Dr. Aruna:** I wrote EAMCET for admission into MBBS course, but I could not get a seat. So I joined in B.Sc. But I was very eager to go for Medicine. So I discontinued my B.Sc. Course in Second year and went to Nellore, to take long term EAMCET coaching at 'Rathnam'. I got a seat in ASRAMS Eluru, and successfully completed MBBS Course. My husband Dr. K. Rambabu, was also studying in the same college. But we didn't know each other. Our parents arranged our marriage after he got a seat in M.S (Gen. Surgery).

**Sridhar:** Do you believe that SWR had laid a strong foundation for your growth? Could you elaborate?

**Dr. Rambabu:** Yes "MY MOTHER GAVE ME BIRTH AND THE SOCIAL WELFARE RESIDENTIALS GAVE ME LIFE". There I was taught to face all the challenges of life bravely; I studied in these institutions from 5<sup>th</sup> to Intermediate. Since 8<sup>th</sup> class my mother used to encourage me to become a doctor. Her encouragement turned into a burning ambition in me. All the needed

psychological strength and confidence was instilled in me by the staff. The then principal Sri Isaac Babu and Sri Upender sir were always guiding me throughout my career.

**Sridhar: How was your journey as a medico?**

**Dr. Rambabu:** In MBBS I studied well, but due to poor financial background I suffered a lot. I had to manage myself with tiffins instead of meals at night being unable to pay for my expenses. I fell sick due to insufficient diet. The text books were very costly. I had to borrow these books from my friends. I used to read these books while they were sleeping. In the beginning I could not do well in Examinations, because of lack of sufficient Knowledge in English. I felt embarrassed. I could not answer questions in physiology properly. I had to work very hard to cope up with the vast syllabus. I completed MBBS successfully. In PG entrance test I got a seat in Neuro surgery but I wished to do PG in General Surgery, so I waited for some months until I got a seat in General surgery at RMC, Kakinada.

**Sridhar: How did you happen to know Rambabu, madam?**

**Dr. Aruna:** He's from Khammam and I'm from West Godavari. We never knew each other until I joined in the Alluri Seetharamaraju medical college. He was three years senior to me. It was here that he saw me but never proposed. My uncle, Dr. Jayaraju was a professor and HOD of Ophthalmology there. He felt that both of us would make a good pair, spoke to the elders and arranged the wedding.

**Sridhar: Any regrets for marrying him?**

**Dr. Aruna:** No, never. We are happy and comfortable. We have two kids too. Life is fine.

**Sridhar: Dr. Ramababugaru, what have you to say about Dr. Aruna?**

**Dr. Rambabu:** Oh, she's sweet-tempered. She's also hard working and under standing. It's easy getting along with her.

**Sridhar: Dr. Aruna garu, what have you tell about him?**

**Dr. Aruna:** He's simply superb. Life is smooth with him in spite of petty quibbles. He's a good father to his children. That's what I like in him.

**Sridhar: What are you doing now and how do you fare in the profession?**

**Dr. Rambabu:** Now I am the top surgeon in Madhira town, conducting 50-60 surgeries every month, I am conducting free medical camps and I take least amount of fee for surgeries.

**Dr. Aruna:** Now we have established a hospital in Madhira where we work together. We are conducting free medical camps in villages for the sake of poor people.

**Sridhar: What is your opinion about forming 'SWAEROES' Association? How do you wish to contribute to it?**

**Dr. Rambabu:** It's a great Idea to form "The SWAEROES' Association. It helps us in maintaining rapport with all SWAEROES. I contributed Rs.12000/- for buying T-Shirts for SWAEROES.

**Sridhar: Are you in touch with other Swaeroes and do you try to inspire them?**

**Dr. Rambabu:** I wish to be in touch with all SWAEROES by conducting medical camps in SW institutions.

**Sridhar: What's your message to the current SWAEROES?**

**Dr. Rambabu:** If a generation of SWAEROES supports the present SWAEROES it will be very beneficial for the next generation. My background always warned me, not to neglect my studies. Our SWAEROES need proper motivation, In their teenage. Set a goal and work for it with perseverance. My Education helped in saving my mother from breast Cancer. If we are well educated we can serve not only our family but also the entire society.

**Dr. Aruna:** There is rat - race competition in every walk of life. So we have to work very hard to be ahead of others.

**Sridhar: What is your opinion about forming 'SWAEROES' Association? How do you wish to contribute to it?**

**Dr. Rambabu:** It's a great Idea to form "The SWAEROES' Association. It helps us in maintaining rapport with all SWAEROES. I contributed Rs.12000/- for buying T-Shirts for SWAEROES

**Dr. Aruna:** I am eager to share my experiences with present SWAEROES. I have already visited APSWRS/JC(G), Kalluru and Palvoncha. I wish to guide them on a continuous basis to realize their dreams.

Respected sir,

Date: 27<sup>th</sup> Dec., 2014

It's a pleasure sharing some of my feelings with you.

I'm **K. Hemalatha**, 9<sup>th</sup> class. I see a big raise in the standards of my school ever since you have begun numerous new programs. We, swaeroes owe you profuse thanks for treating us as your daughters and sons.

The recent Ignite and Youth Parliament competitions rouse from slumber and idleness. Studying in a SWR schools is no more a regret. It's better than paying thousands of rupees in private schools where they run for business. Here I pay nothing and benefit maximum.

Although we had Telugu medium background, quickly we have picked up English comprehension and communication within a short time. It has happened only because of your interest in imposing it on all of us.

Earlier we were shy to speak English. But now it's our routine language.

Hence, I'm truly proud to be a swaero ... soon I will be a hero too.

Where there's creative thinking

There's no place for idleness;

Where there's a Secretary like you

There's no room for darkness.

**Wishing you a very Happy and Successful NEW YEAR.**

Your loving daughter,

Our beloved sir,

Date: 25-01-2014

This is N. GeethaSundanda Swaero, studying 2<sup>nd</sup> Inter, Bi.P.C. I wish to offer my sincere thanks to you for everything that you do for our growth.

I have been studying here since 2006. I had not seen the face of any former Secretary. I also didn't experience so many new programs in the past.

It looks as though you have been sent by God Himself as His Messenger to uplift us. The amount of concern you have for us is immeasurable, if only one could personally notice it. Now I understand that a lot could be done by a person who is in power if he has the will and spirit to do. I don't think so many programs are conducted in private schools.

I love the 'swaeroes' journal very much. I learn many things from it. (Dr.) Jayanthi is really inspirational. I'm also very much inspired by Yuri Gagarin's interview on ManaTV. The 'Code of Conduct' is admirable. But we need to follow it, which is tough. 'I'm not inferior to anyone' and 'I shall never fear the unknown' are my favourites.

**I wish you a long, long stay in our APSWREIS.**

Your loving daughter  
**Geetha Swaero.**

Dear Secretary,

Date: 30-12-2014

I thank the Minister, Principal Secretary and you for having moved us to the new campus at Ramagundam. We had endured lot of problems in the old building which was narrow and uncongenial for living. This is a better and comfortable building. Our sincere thanks for providing a place with beautiful ambience. All swaeroes of this school invite you wholeheartedly to this new campus.

Dr. Abdul Kalam's speech in the 'Infinite' ceremony was captivating. He stands as a big inspiration.

We appreciate and thank you for exposing us to such a living legend. We salute you for it. You are truly a genius because you guess exactly our requirements.

You are our role model, I say. You are the only suitable Secretary of our Society. The vision you have for the poor children is exact and beneficial.

Kindly visit our school, considering this as a special invitation.

Please convey our sincere thanks to the Chairman and Vice-chairman too.

**Your Vyshnavi. T.**

Respectable Secretary,

24<sup>th</sup> January, 2014

I'm K. Vinay, studying 9<sup>th</sup> class.

First of all I thank God for having sent to us an ambassador of His that would take us to eternity. You are indeed, a rare, superb, dynamic Secretary is the voice of every swaero.

Right from E+ club to Ignite and Youth parliament – every activity that you have chosen for us is marvelous. I wonder if so many activities are held at all in any other school ! Most of us speak fluent English now. You have supplied a dictionary to each student of all 291 schools is laudable, I say. I have learnt 200 words so far. I notice a great change in all our schools ever since you have arrived.

I'm highly inspired by your speech in the Science fair held in P. Venkatapuram. Personality development program is new to me and I enjoyed it. I'm improving my General knowledge, my hand-writing, my studies too. We are indebted to you in many ways for all that you do for our progress. Hats off to you for your invaluable thoughts and all new programs. We are eagerly waiting to attend the summer camps that you have already devised in various fields.

We need a great Secretary like you forever to uplift the swaeroes.

I also congratulate you for discovering this new concept, 'swaeroes'. It's suits us well.

# SWAEROES Coming Alive

**IGNITE 2013** is an 'Annual Literary Festival' celebrated in CMR-APARD on 25<sup>th</sup> January wherein the best among the 170,000 pupils of the 290 SWR schools were identified diligently and brainstormed by their mentors to vie with their counterparts in **Elocution, Essay-writing, Quiz, and Debates.**

SWREIS is a trendsetter and frontrunner in providing holistic education.

IGNITE competitions are the passion for pruning and developing a child's potential. It's the competence to promote thinking and creativity in the pupils. It's an intuitive, interactive and a feature - a platform designed and launched to haul the innate abilities of

pupils through literary contests assessed by a selected panel of judges.

Dr. R S Praveen Kumar, IPS, Secretary has suggested to support the capability development, so that the spirit of competitiveness contributes to achieve one's goals. His perspective were collated to provide insights into how to create a real competitive advantage through IGNITE, YOUTH PARLIAMENT and EXPLORE 2014 in order to generate new recognition, high performance and effective leadership.

"It is not just participation any more here in the finals. We keep vying to outshine the opponents as the competitions are on high levels", says V. Pavithra, APSWRS, Vinukonda, Guntur dist after she gained 1<sup>st</sup> prize in English Elocutions for juniors.

## Dignitaries Exhort SWAEROES

**Sri B. Prasada Rao, DGP** of the state who attended the Ignite Fest celebrations opined that it was a marvelous momentum created by Dr. R.S. Praveen Kumar as he has pitched a radical transformation among the swaeroes with '**Ten Commandments**'.

The erudite DGP referred to the inspiring legends like **Tenzing Norkay, Ekalavya, Dr. Abdul Kalam**, urging the students to stick to the 4<sup>th</sup> commandment, '**aim big and high**'.

The Chief Guest quoting Swami Vivekananda said that all the power is within the individual and so one shouldn't feel weak in participating in the activities which stimulate one's capacities to reach his/her goal. He finally wished the Swaeroes a glorious future before he concluded his speech.

**Smt. Sowmini Prasad Rao**, who attended the Ignite Prize distribution as the 'Guest of Honor' enlightens the Swaeroes with a tale, stressing on three points.

- Master easier targets before aiming big.
- Focus thoroughly on whatever is done.
- Blaming others doesn't solve one's problems.

“ My husband brings home 'Swaeroes' magazine. I read and understand your achievements and accomplishments ”

**Sri. Sampath Kumar, IAS** feels truly touched by the rhythm, exuberance and enthusiasm of the Swaeroes. Addressing the Ignite participants, he spurs them thus - "I see a new and tremendous energy in the Swaeroes. Dr. Praveen transmits this energy quite powerfully with the inception of '**Ten Commandments**' which he used to often speak of in his scholastic days too. They guide your direction. I've benefitted by following his direction, myself. You are all fortunate today to have several opportunities which we lacked those days. Perceive the spirit of Dr.B.R. Ambedkar and Sri.S.R.Sankaran, to rise into the sky".

# Ravi's Role on Republic Day

(A friendly chat @ Rukmapur)

**I**t was Sunday, the 26<sup>th</sup> January and an auspicious day for Indians. My classmate, M. Ravi, studying in 9<sup>th</sup> class was selected to represent our school in a march-past to be displayed at the 'Gymkhana Grounds', Secunderabad, where our Hon'ble Governor, Sri. ESL Narasimhan would hoist the national flag and take salute.

M. Ravi wins lot of accolades from one and all causing me to envy him. Then it struck to my mind that I should enter the episode of his praiseworthy performance with a chat ....

**My friend Ravi, tell me something about your childhood.**

I'm from Munjampalli thanda of Karimnagar dist. My parents are Mogili Sarala and Ellaiah who live on meager wages. I have an elder sister, Sarala. She's in her B.A. in the Govt. Degree College, Karimnagar. I joined this school through an entrance test into 6<sup>th</sup> class.

**How were you made the 'Contingent Commander' of the troupe for Republic Day celebrations?**

Our school has NCC schedule, in which I lead the troupe. Our P.D., Sri. Venkat Reddy sent me to Mahindra Hills School where I joined 52 other cadets who came from other SWR schools were accommodated for 18 days for regular practice. Mr. Mannan, Sports Officer and Mr. Prasad. PVS , Band Master discovered in me the needed performance and leadership. This is how I was made the 'Contingent Commander' of the march-past troupe that was to participate in the Republic Day celebrations before the Governor.

**Weren't you nervous being first time to Hyderabad?**

Being for the first time to participate in grand Republic Day Celebrations in the presence of many eminent personalities and a big crowd; also standing beside many co-troupes, I was terribly nervous . But then, incidentally our Secretary spoke to me on Mannan sir's mobile and infused me courage in me. His call banished all fear and made me comfortable. I appreciate for his present of mind. My troupe displayed the best possible in an attractive red attire. We were astonished when we were as the 'Best Contingent Troupe'.

**How did you feel receiving the Cup from the Governor?**

Oh ... what a happy moment! Seeing too close, saluting him and taking the prize from his hands is an everlasting incident. I was thrilled at the entire enchanting atmosphere. I'm also very proud for I was congratulated and admired by our Vice - Chairman, Sri. Raymond Peter and our Secretary.

Srinivas interviews Ravi

**What else would you like to share with our Swaeroes?**

Smt. Harathi and Sri. Yesu Ambati, the parents of **A. Swaroopa** (9<sup>th</sup> class, SWRS, Godi, East Godavari dist) ; and Smt. Ayyamma and Sri. Chinnaminella Kuruva, the parents of **K. Rameshwari** (9<sup>th</sup> class, Kambalapadu, Kurnool dist) who visited the state capital to witness their daughters' in action for the first time at the Parade Grounds stood mesmerized.

I wish to join the Indian army after I complete my studies. This NCC training may help me in the army selection. I thank the teachers and our society for having given this privilege of leadership.

# At Teachers' Carnival

## S W Minister on Teachers' Day

I shower congratulations over the teachers who receive awards today.

I'm proud to notify that we have no shortage of funds for the development of SW residential schools. We had only 46 schools in 1984. Today we have 291 schools all over the state for the poor students who can't afford to spend for education.

Today's government is victorious in fulfilling dreams of parents and in designing the pupils' future. We recognize and honour the insights of Dr. B R Ambedkar who had returned from abroad to author the Indian Constitution. Forty six students have been sent abroad for higher education. We have opened new hostels and old ones are being renovated. Seventeen outstanding scholars of IITs have been laptops for free.

Peter, IAS is a committed worker. Praveen is passionate. Teachers are committed. I have fine administration system. The collective work of officers brings me 100% triumph. There's no space for unrest today as in the past.

SW Ministry has reached its summit. We are doing maximum justice to the poor pupils by providing corporate facilities. It's all possible only through SC-Subplan. It's not the end. We've plans to open at least one degree college in every district, besides the three that we run today. We shall also launch one Sports school.

Thus the Social Welfare Residential Education sector shall have a bright future.

## Raymond Peter, IAS on Teachers' Day

I'm extremely happy today to see that SWREI Society is able to celebrate "Teachers' Awards Function" in a grand manner. I congratulate all those teachers who receive the awards. The mime theme has captured us all.

I think that this year has been historical in many ways. I hold Praveen very unique. He does all work for the schools.

Ever since I took charge in 2010 I decided to make APSWREIS self-sufficient with funds. Today the SWR schools have reached the pinnacle. All are able to see the benefits of SW Res. schools. I wish to see them as schools of excellence, quality, conviction, commitment and mission – not just as mere schools!

The SW Ministry has sanctioned Rs. 881 crores to transform all schools into worthy ones.

Our big challenge now is to provide adequate teacher quarters and facilities. All schools should function as true residential schools. Teachers also should be residential like the children.

On this occasion, I emphasize on the mission of a teacher in his life. One should do justice to one's profession. Identify your strengths and weaknesses and analyse them. Convert your threats into opportunities. Keep your motivation levels active and alert; and work with renewed energy. Your mission is to make pupils as distinguished people.

Once again I congratulate all the teachers.

# Teachers Revered

"It's a great honour receiving '**Life Time Achievement Award -2013**' from Sri. P. Satyanarayanagaru, Hon'ble minister for Social Welfare. I offer sincere thanks to the APSWREIS for recognizing my services"

**Dr. A. Sri Rama Murthy**, Retd. Principal,  
APSWRS/Junior College, Saluru, Vizianagaram dist.

I am really thrilled to receive the Best Principal's Award. Actually this award goes to my Swaeroes. I shall rededicate my efforts further for the betterment of my Swaeroes. I am herewith extending my gratitude to the Secretary, and Society for recognizing my efforts."

**S.E. Vimala Kumari**, Principal / Convener,  
Dinnadevarapadu, Kurnool. Dist.

"This award reminds me that I should rededicate myself further for the noble cause of nurturing the personalities of my Swaeroes which I promise to keep before I sleep"

**J. Rangaswamy**, JL English,  
APSWRS/JC, Chinnatekur, Kurnool dist.

"I am short of words in expressing my joy and ecstasy when the suspense was unfolded and my name was announced for the second consecutive year for the Best PGT award. It indeed increases my responsibility to up-keep excellence and ever be grateful to the APSWREIS".

**Padmavathi**, PGT, Maths  
Ramanayyapet, East Godavari dist.

"I am very happy to receive the Best Teacher's State Award. I thank the Management of APSWREIS for recognizing my best efforts in innovative teaching and extracurricular activities that reflects students holistic development. I sincerely reiterate that I will serve the Society by giving my best in the future too".

**S. Sunitha**, TGT, Social Studies,  
APSWRS, RK Puram, Hyderabad, AP.

"From the day of my joining in this society, I used to give additional training to students especially in games like Kabaddi, Ball Badminton, and Volley ball. I have trained the students and have taken them for so many competitions at District, Zone and state level. In the year 2010, I had received Best Teacher's Award at district level. I had taken students for nearly 25 National Meets and 60 state meets.

Thus I feel very proud to receive such an honourable Best Teacher's Award from APSWREIS."

**Mrs. R. Chandra Kala, PET,**  
APSWREIS/JC, Ramakrishnapuram, Guntur dist.

### APSWREIS IS PROUD OF ITS PHILARMONIC PRASAD

**Mr. PVS Prasad** is APSWREI Society's Band Master, and he's not to be taken light.

Prasad received "President's Scouts Award" in 1983 from **Sri Giani Zail Singh**, the former President of India. Bharat Scouts and Guides also has appointed him as "AP State Contingent Band Master."

Prasad also led band troupes in certain programs held to honour **Smt. Indira Gandhi**, and **Sri Rajiv Gandhi** the former Prime Minister, which is evident from the then photographs. And today **Sri Pthani Satyanarayana garu**, hon'ble minister for social welfare honours PVS Prasad on behalf of the Society for his relentless services since 1994.

## MEGA YOUNG LEADERS

**'Dr. R.S. Praveen Kumar, IPS doesn't organize anything without a superior purpose'**, comments Dr. Santosh Kumar, Joint Secretary and the Coordinator of 'Youth Parliament' program.

Today's pupils shall certainly be tomorrow's parliamentarians. 'Youth Parliament' sessions prepare the pupils for future roles and build sufficient pools of talent for leadership positions across the country. It provides the knowledge of the system, functions and builds strong brands and loyalty for the nation.

**'We were fine-tuned vertically and horizontally by all those who are concerned in the zone for the lead'**, mentions **S. Rachana**, X class, APSWRS, Madikonda, Warangal dist. contestant of Zone-V that carried the 'Rolling shield' after they were adjudged winners in the 'Youth Parliament' by an eminent jury.

'YOUTH PARLIAMENT' competitions were on from the

beginning of the academic year in all the six zones, the first being in the schools itself. The contests continued at the district level until the finals took place at CMR-APARD, Rajendranagar on 25<sup>th</sup> January 2014. Each zone formed and trained a best team possible on Parliamentary proceedings to vie with the rest at the finals. Eventually Zone-V emerged as the winners. Each session was of 50 minutes with 25 participants. The winning squad were awarded Rs.25000.

'Each team put up a superior performance beyond my expectations. Their rational arguments and the flow of English language as the medium of expression astonished me', states one of the judges, Sri.I.Laxmikantharao, Senior Advocate.

The APSWREI Society thanks the jury N. Laxmanrao (ex-MLC), Mallepalli Laxmiah (Sr. Reporter), I. Laxmikanatharao (Sr.Advocate), P. Ashwin Kumar (Asst. Professor, Nalsar University of Law), and Jagadeeshwar Singh Sohi ( Asst. Professor, Nalsar university of Law) for having spent the entire day listening patiently and for the impartial verdict.

# SUPER STUDENTS ON MANA TV

**M. Rukimini**, X Class, APSWRS, Kovvuru, W.G.Dist.

I am very grateful to Vimala Kumari teacher for preparing me to teach a lesson as a Super Student. I felt nervous for a few minutes while standing in front of the camera but felt excited after completion of the lesson. I am determined in utilising each and every opportunity provided by the APSWREI Society to reach my goal.

**Divya** receives her share of reward from Smt. Madhulatha, D.S.

**S. Divya**, X class, Etcherla, Srikakulam dist.

I was terribly nervous in the beginning when I saw the big studios. But I overcame the fear gradually. It's an awesome experience teaching in Mana TV. I may not be so delighted even if I were declared as miss. Universe. I am thankful to Jyothisri madam & Radhika madam for guiding me.

Secretary presents Bhavan Swaero a cheque of Rs.1000

**Y. Bhavan Kumar**, Senior Intermediate (MPC) APSWRS/Jr.College for boys, Krishnaraopalem, A. Konduru(M), Krishna District.

It was a wonderful experience for me to teach "Hybridization" in Chemistry at a stretch for 60 minutes with short gaps for recapitulation activity. Neither the powerful beams of the sophisticated cameras nor the grandeur of the studio could distract my concentration. The confidence, 'I Can' was the only driving force which paved way for my success on that day. Now I enjoy the sweet memories of success.

**G. Tejaswi** admired and rewarded by Secretary.

**G. Tejaswi**, X class, APSWR Magnet School (G), Kuntamukkala.

I have chosen a topic 'Matrices' in Mathematics. It's a memorable experience teaching the topic on MANA TV. I learnt how to teach and how to speak in English from my teachers. It helped me to improve my teaching skills as well as the communication skills which boosted my self-confidence. My Maths teacher, N. Ruthamma taught me how to teach the lesson with the help of models, charts and using power point presentation. Under her guidance, I presented the lesson successfully.

**This sort of programmes helped me to earn around Rs. 7000/- this year. Hats off to our Secretary for introducing such programmes.**

**N. RASAVEENA**, Apswrmsjc (G), Madikonda, Dist. Warangal  
 I felt thrilled when I came to know that I was selected for ‘Super Students Lecture’ on Mana TV.

Initially I felt nervous but Dr. Sharma prepared me to face the camera. It was really an exciting moment. I presented my lecture well and was able to answer all the questions. After my presentation, we went to our Head Office where we met our Secretary, who congratulated me and gave me a certificate and a reward of Rs.1000/-. It is another unforgettable memory, when I was asked to analyze my experience in SOIT thus.

**J. RAMYA**, 1<sup>st</sup> BIPC, APSWRS/Jr.College (G),Nakkapalli

I taught a lesson on “Plasmodium Vivax” (Human phase) over MANA T.V live programme. I played the role of a teacher and I’m very proud, because it’s only a teacher that can make a doctor, a lawyer or an engineer through his/her teaching. I think the APSWREIS for paying me Rs.1000 as remuneration.

**B. SRAVAN KUMAR**, I M.P.C, A.P.S.W.R.S, KOPPERLA, VIZIANAGARAM DIST, ZONE-I

**M**y confidence levels have increased after I started and continued the teaching. If these type of programmes continue certainly I will become as an I.A.S officer or I.P.S officer.

Yours faithfully,

**B. SRAVANKUMAR**, I MPC A.P.S.W.R.S/JRC, KOPPERLA.

**P. DEEPTHI**, Inter 2nd year (MPC), DRBRACSWR, Jr.College(G), Khammam.

**T**eaching on MANA TV as a super student is a memorable experience in my life. I thank my mentor, Smt. P.R. Nirupama Madam, JL of English for encouraging me. Most people now call me as super student instead of my name. It thrills me a lot. It was also a thrilling experience for me to receive a cash award from the hands of Deputy Secretary, Ch. E. Madhulatha. The guidance of teachers and my hard work paved the way to success. After that I decided to set my goal to reach higher level in life.

## SQUARES OF NUMBERS NEARER TO 10 AND 100

**Ex. 1. Find the square of 12**

**Ans. 12 is nearer to 10**

- We know 12 is 2 more than 10 so 2 is called surplus we should increase it still by 2. we get (12+2=14) keep it as left part of answer.
- Now square the surplus that is (2<sup>2</sup> = 4) and write it as the right part of answer.

$$\text{So: } 12^2 = 144$$

(left part 14, Right part 4 if right part is two digit number then the ten's place digit is added to left part)

Number	Left part	Right part	Final
11 <sup>2</sup>	11+1=12	1 <sup>2</sup> =1	121
12 <sup>2</sup>	12+2=14	2 <sup>2</sup> =4	144
13 <sup>2</sup>	13+3=16	3 <sup>2</sup> =9	169
14 <sup>2</sup>	14+4=18	4 <sup>2</sup> =16	196
15 <sup>2</sup>	15+5=20	5 <sup>2</sup> =25	225
16 <sup>2</sup>	16+6=22	6 <sup>2</sup> =36	256
17 <sup>2</sup>	17+7=24	7 <sup>2</sup> =49	289
18 <sup>2</sup>	18+8=26	8 <sup>2</sup> =64	324
19 <sup>2</sup>	19+9=28	9 <sup>2</sup> =81	361
101 <sup>2</sup>	101+1=102	1 <sup>2</sup> =01	10201
102 <sup>2</sup>	102+2=104	2 <sup>2</sup> =04	10404
103 <sup>2</sup>	103+3=106	3 <sup>2</sup> =09	10609

- Find the square of 6 ?
- Ans. 6 is nearer to 10
- We know that 6 is 4 less than the 10 the 4 is called deficiency.
- We should decrease it still by 4 (6-4=2) keep it as left part of the answer.
- Now we square the deficiency that is (4<sup>2</sup> = 16) keep it as right part of the answer (note square of the single digit number is double digit number. So "1" is added to left part i.e. 2 + 1 = 3 now answer is 36.

Number	Left part	Right part	Final part
62	6-4=2	42=16	36
6 <sup>2</sup>	6-4=2	4 <sup>2</sup> =16	36
7 <sup>2</sup>	7-3=4	3 <sup>2</sup> =9	49
8 <sup>2</sup>	8-2=6	2 <sup>2</sup> =4	64
9 <sup>2</sup>	9-1=8	1 <sup>2</sup> =1	81
91 <sup>2</sup>	91-9=82	9 <sup>2</sup> =81	8281
92 <sup>2</sup>	92-8=84	8 <sup>2</sup> =64	8464
93 <sup>2</sup>	93-7=86	7 <sup>2</sup> =49	8649
94 <sup>2</sup>	94-6=88	6 <sup>2</sup> =36	8836
95 <sup>2</sup>	95-5=90	5 <sup>2</sup> =25	9025
96 <sup>2</sup>	96-4=92	4 <sup>2</sup> =16	9216
97 <sup>2</sup>	97-3=94	3 <sup>2</sup> =09	9406
98 <sup>2</sup>	98-2=96	2 <sup>2</sup> =04	9604

- Chandu :** Pretty well. Why are you waiting outside?  
Come in. When did you return from your village?
- Manohar :** Just this morning.
- Chandu :** How was Christmas?
- Manohar :** It was great fun. I really enjoyed every moment in the village. I wish I could spent some more time there.
- Chandu :** Oh! Did the village life impress you so much?
- Manohar :** Yes, of course. It was wonderful.
- Chandu :** What fascinated you so much there?
- Manohar :** Well! It was pollution free. Fresh air, fresh water, clear Sky..... and what not? Everything is fine there. Villages are better places for a healthy and happy life.
- Chandu :** I wish to visit your village in our next vacation.
- Manohar :** Oh ... you are most welcome.

## CREATING AND STRENGTHENING OF STRONG BONDS BETWEEN PARENTS, STUDENTS, AND TEACHERS

**M**y wife and I are illiterates. I work as a safaiie (scavenger) in my village and my wife is a laborer. I have two sons and a daughter. My eldest son who studied in a government school always appears lazy and insipid. He found it tough to get through Intermediate. Whereas my daughter, Lavanya, studying in 9<sup>th</sup> class in APSWR School, Vikarabad is very active and intelligent. My only obsession is that my daughter shouldn't lead the life we are leading now", stopped Mr. Mallaiah as his spouse took her turn.

With the above objective the APSWREI Society has been established to provide education to the children of these families. APSWREIS thinks that sharing rich experiences, narrating successful stories of people and exposure to the best is also a kind of education. Consequently it has been conducting parents meets in all districts of AP. Kudos to the present secretary, a TRAILBLAZER.

As such a parents first was conducted on 05.04.2014 at Vikharabad, RR Dist. Nearly 2000 parents participated in it. SWAEROES (Magazine) attended the meeting to interact with the parents at the venue. The following are some of the excerpts.

"We are delighted with the pace at which the APSWREIS is functioning. The facilities and the wholesome education which the Society provides can never be afforded by us. After attending this meeting, I feel that a right person has come to lead the way. My daughter asserts that she will become a doctor and it gives us new energy", says Smt. Yadamma, the mother of Lavanya, with tears blinding her eyes.

Another couple Sri Y. Gopal and Ananthamma whose two daughters, Bhavani in Inter and Divya in 6<sup>th</sup> class pursuing their education in APSWR Schools, say that their kids excel their neighboring children in all aspects. Their children are bold, and converse in English which give them some unknown joy. The neighbors envy their kids.

Smt. D. Vani, mother of Pallavi and Pavithra says that her second daughter who usually gets B Grade scales to A and A+ in her studies after introduction of the activities like E – Plus clubs, Literary Competitions and other club activities.

When asked about their opinion over the parents meetings, all these parents with one voice said that these kind of meets not only bring awareness among the illiterate and semi literate but also CREATE and ESTABLISH STRONG BONDS between the parents, students and teachers.

'SWAEROES' pray that this VISION, MISSION and LEGACY of Dr. R.S PRAVEEN KUMAR, IPS, Secretary, APSWREIS continues forever.

# EXPLORE - 2014

**W**e saw not only an aura of prestige but also vehicles that would drive the dreams of our future to reality.

I pour my sincere and profuse thanks for arranging 'EXPLORE 2014' to all 450 swaeroes who went to Hyderabad to participate in 'Ignite and Youth parliament'. We all appreciate our splendid Secretary for the very thought of it! Perhaps, some of us may never have seen the entire Hyderabad and the major centres had he not thought of it for us! It's our courtesy to express our deep gratitude for doing so.

EXPLORE 2014 was a pleasant trip to many important places of the twin cities, the state's capital. The Head Office administration have arranged eight RTC buses and employed teacher guides to take us around the city for two days, carefully planning our schedule. 'Fantastic' ! 'Hats off' !!!, all swaeroes utter in chorus.

**1<sup>st</sup> day's (26<sup>th</sup> Jan)** visit was to Golkonda fort, Salarjung museum, Qutubshah tombs, Birla planetarium, NTR gardens, Necklace road, Tankbund, Charminar, Shilparamam and other places of amusement in different routes.

**On the 2<sup>nd</sup> day (27<sup>th</sup> Jan)**, we visited the famous education center like Osmania University (OU), Hyderabad Central University (HCU), English and Foreign Languages University (EFLU), Acharya NG Ranga Agricultural University (ANGRAU), Jawaharlal National Technological University (JNTU); core research centers like NGRI, ARCI, ICRISAT, CCMB, NIN; and popular medical colleges like Gandhi medical college, Osmania medical college, and Deccan medical college.

I perceive a fine future through EXPLORE 2014. It fills my heart with confidence. The Arts College of Osmania University is so captivating that I desire to study there in future. Now I'm aware of the opportunities we have for higher education. We

interacted with professors and scientists at the Research centers and understand a lot from the slide shows which pave way for our prospects.

My journey from Pallekona to Kakumanu; from Bapatla to Madhurawada; from Vizag to Hyderabad is embossed in my memory in golden letters. EXPLORE 2014 shall certainly remain memorable all through our lives.

I also thank the Principals of Narsingi and Shaikpet on behalf of all my friends for having provided us accommodation, boarding and for their loving concern. Be inspired my co-swaeroes thus

*Oh, my dear swaero  
Open your dark den  
See the life to be won  
Shameful if you can't run  
When Praveen dad shows us one!*

This is what makes us to be proud of being swaeroes.

# TIPS TO TOP

## IN THE EXAMS WITH FULL CONFIDENCE AND POSITIVE ATTITUDE

- Study regularly and note the very IMP points.
- Write at least one Para daily.
- Avoid using sketches and prefer only pencil for borders, underlines etc.
- Prefer 4 side border keeping more space in the left side.
- Always remember to write the page numbers on all the pages.
- Never forget to write the Question number for all the answers that you write and attempt to write.
- Use the capital letters at the beginning of the sentence and remember to put the full stop at the end of the sentence.
- Avoid using the 'Definite Article'- 'THE' before proper Nouns unless required in the exceptional cases.
- Answer all the Questions as per the instructions given. Write the choice Questions under the Caption CHOICE.
- SSC E.M., English Choice is there only in Pr.2 supplementary Questions. Under set A & B only 5 Questions are to be answered choosing 2 from S.A. & 3 from S.B. or vice versa.
- Answer the Questions which fetch you the full marks first and then think of other Questions which you do not have much confidence- but try to attempt all.

- Always be up to the mark and write only the answer which is pertinent/relevant. Don't write more or less. The marks allotted must be kept in your mind before answering the Questions.
- Hand writing must be legible. Maintain gaps between words, lines, sentences & paras so as to make your presentation very impressive.
- Avoid scribbling. If any mistake committed may be stricken off with one straight line only.
- Avoid writing slogans, names of gods & goddesses as it gives wrong and unwanted indications.
- Plan your timing properly.
- Keep at least 5 mts time at your disposal for verifying your answers and completing the formalities.

## BEFORE, DURING & THE EXAMS AFTER

- Don't over strain yourself before the Exams
- Take light food only during the Exams. Avoid spicy food.
- Take utmost care about your health during the Exams.
- Avoid unnecessary discussions.
- Keep silence for 2 mts before answering the Question Paper.
- Don't waste your time discussing the answers of the Question paper of the Exam already completed.

## Secretary speaks

**W**hen we honour teachers, the nation changes for good. Teachers of course, have a sacred space in the Society. They are the 'Gateway' to progress and prosperity of students

It's more so especially with the teachers who work in the Andhra Pradesh Social Welfare Residential Education Society. Our teachers strive harder with dedication and commitment to make you perfect in all spheres of life. You shall certainly become more competent and precious if only you observe discipline in the schools. Your teachers are capable of brightening the future of Swaeroes in several ways.

Therefore, I thought it's right and just to honour our teachers with rewards, awards and tributes. Accordingly the administration has selected some of our distinguished Principals and teachers to be honoured appropriately at Lalithakalathoranam (Hyderabad) on the 28<sup>th</sup> of January.

**On your behalf, I thank our Chairman, Sri. Pithani Sathanarayana, Hon'ble Minister for Social Welfare; and our Vice-Chairman, Sri. J. Raymond Peter, IAS, Principal Secretary to the Govt. of A.P. for having consented to adorn the teachers with awards by attending in the 'Teachers' Awards Function'.**

Many of our Swaeroes displayed stunning performances in the form of actions, dances, singing and so on in captivating costumes. The theatre was packed with guests, media, teachers and swaeroes.

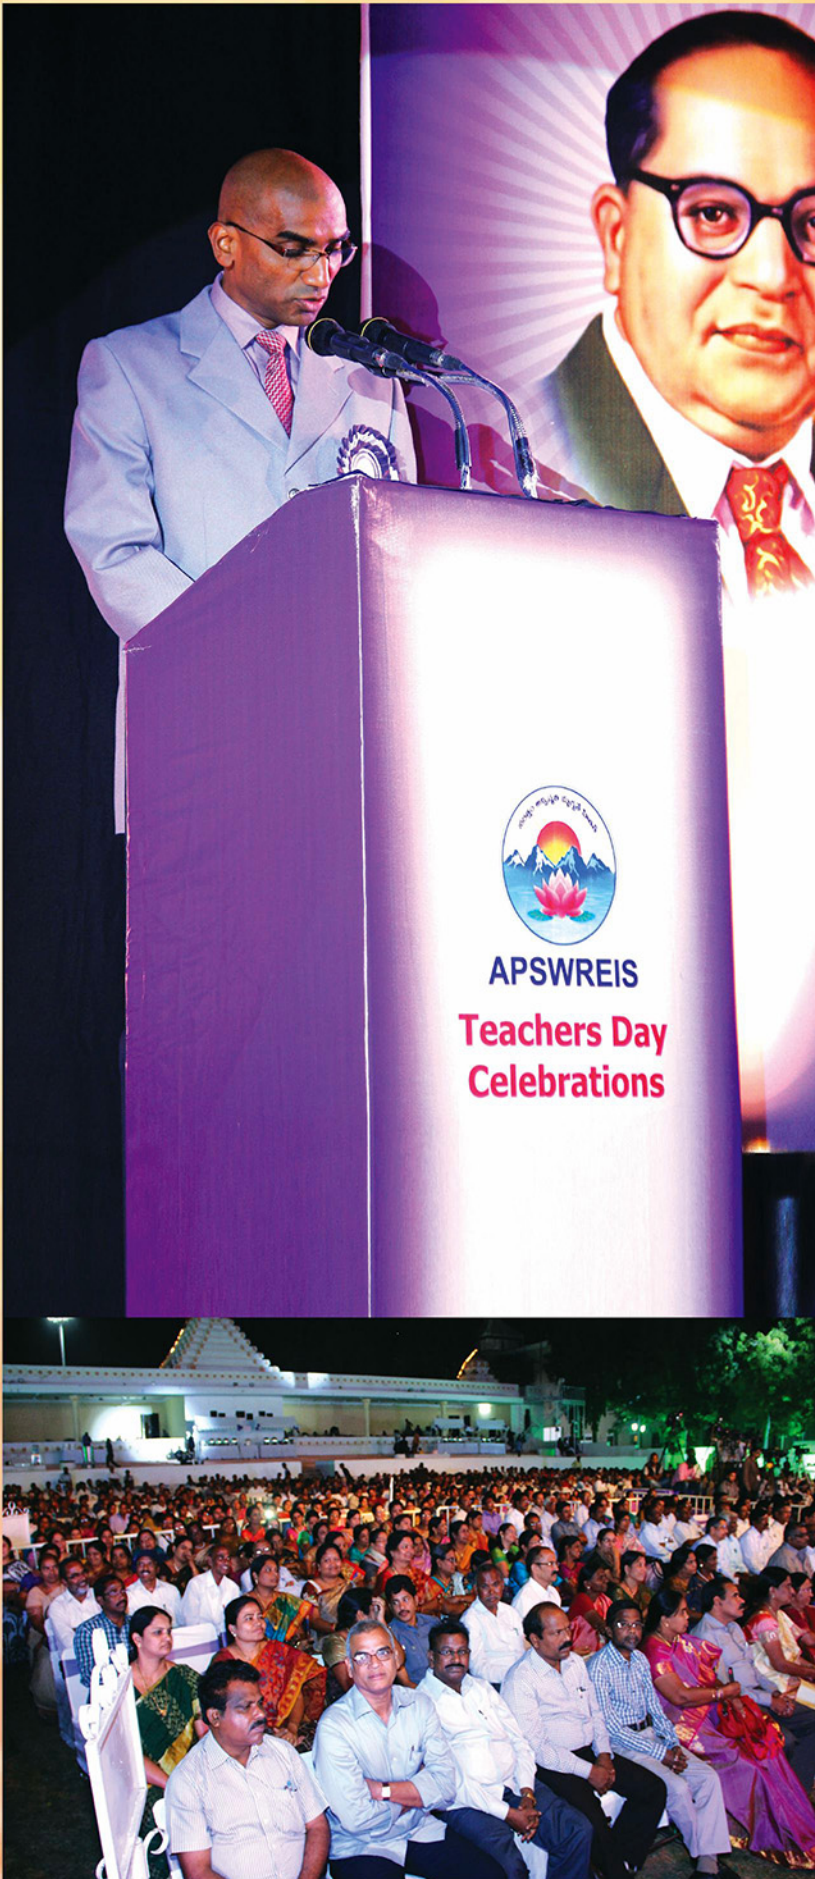

Thus we have entered into an era of transformation with constant support of the Government for which we need to be ever grateful.

**I wish to remind you that you have public examinations ahead which are crucial. Your success depends on your hardwork. Your teachers too work hard day and night for your success. They are your guiding forces. Your schools are special places for study. And so devote yourselves to serious study and write your final exams well.**

I wish you all great success in the forthcoming examinations.

**Go Swaeroes ... go cosmos ... go heroes.**
