GO SWAEROES GO COSMOS  
An in-house journal of APSW Residential Schools

*Every signature of Manjunath is worth  
crores of rupees*

Addressing the gathering in a conference

*“It was ability that mattered, not disability, which is a word I am not crazy about using.” –Marlee Matlin*

*People around him in the village said, “He is physically disabled. How could he work in the fields?” No doubt he was hurt but wished to open up different avenues for his living. “What if I am physically challenged, I have the opportunity to explore my mental abilities,” he said to himself. The differently abled man started thinking differently to make it big. See what he did and how he did it.*

## Manjunath Swaero, IRS

**T**agadi Manjunath was a son of peasant parents. He was born and brought up in Kothakonda village of Chittoor. His parents were illiterates. They didn't have any land. Therefore, they were bound to work as agricultural labourers in their own village. There was no way out for them except working in the fields for others. Manjunath's siblings were also illiterates. Most part of their life was led in sheer poverty. "There were times when good food was a rarity in our house," says Manjunath.

The house he refers to was a mere hut. Every rainy season left them with sleepless nights. The stormy winds would frequently ruin the roof of the hut. "Usually, the farmers love rains, they wait for showers, but as a boy I would always despise rain because it created havoc in our family," adds Manjunath.

Even under the miserable conditions, he was sent to school. He somehow managed to pass 10<sup>th</sup> Class. But he worked hard and got first class. His parents wanted him to go for either tailoring or weaving. But he says that he was on the look-out for an institution that could offer him free food and education.

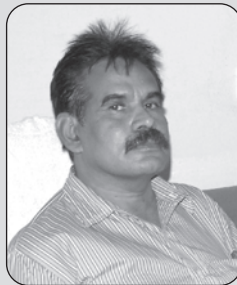

Within the reach was APSWRS/Jr.College, B.Kothakonda. Mr.Vasudeva Rao, Lecturer in Economics extended his hand when everything was going wrong. Once he got admission, he got a good support from his seniors and then from the teachers like Mr.Prabhakar, Mr.Rangaswamy. He was also in the good books of the principal, Mr. Ravindranath because of his hard work. Manjunath says that he is inspired by every one of them owing to their many positive traits.

Mr. Ravindranath is an inspiration for honesty, Mr.Prabhakar for his discipline. Mr. Rangaswamy has been his favourite teacher. It is he who taught him English and inspired him to think big. He also trained him to speak well in elocution competitions. For whatever communicational skills he has today, he says, it is because of Mr. Rangaswamy. He also says that Mr Balaji Naidu, another guru inspired him to go to Delhi. "I still can't forget Mr. Vasudeva Rao asking me to stand by the poor and do justice," recalls Manjunath.

However he says that the Silver Jubilee College in Kurnool provided him a right platform and the seniors there propelled him to think about and work for achieving Civil Service examinations. But then says Manjunath **"I always stood among the best students in terms of good habits and discipline. I believe friends are makers or breakers of our lives. Good friends help us to reach good heights and the bad pull us down."**

Generally many students who are not well exposed to the ways of achieving success in civil service examinations and banking tests tend to think that they can be cracked only by students with sound academic background. He inspires the budding Swaeroes by saying **"Every average student, even below average students, with a strong determination can easily achieve the success. Most of the selected ones are average or below average when they were in schools and colleges."** He says that he had been a Telugu medium student till the completion of his graduation. Though he didn't have any money, he prepared for the examinations. Now-a-days, gathering of materials for any of the highest jobs is very easy. He says that he is ready to provide any materials from his side for those who are serious about preparation.

**K. Ravindra Nathan,**  
Principal, APSWRS,  
Chinna Chowk, Kadapa

**Dr. J. Rangaswamy**  
J.L. in English, Chinnatekur  
Kurnool district.

**Dr. K. Vasudeva Rao,**  
JL in Economics,  
APSWR College,  
B Kothakota, Chittoor dist

“  
Manju was a benign and well-behaved student. With determination, he could overcome his physical disability. I feel proud to have been his principal. I wish him a bright future.”

“  
Manjunath reached the apex. We want all SWAEROES to take him as a role model to fulfill their dreams. We are proud of him and we want him to extend his helping hand to uplift the down trodden sections in the society.”

“  
Manjunath used to be an attentive student in the class. I identified his leadership and organising skills in school functions and encouraged his inner spirits. I am proud of him today. I hope he would use his good office for the poor and the needy.”

“My teachers taught me to dream, I dreamt without sleep and I realized my goal.”

**Manjunath**

“Keeping my parents away from poverty is the greatest of all achievements in my life.”

Civil service examination goes in three stages.

The first stage is Preliminary Test where the candidate requires clearing two papers. Then the aspirant requires to appear for Main Test which has six papers. After getting through these hurdles, the interview comes as a final stage for selection.

He says that consistency in preparation is the most important aspect. Sometimes even the best students lose the battle because of lack of seriousness in preparation. Poverty is not at all an obstacle. Even money is not the essential thing. It is our determination, planning and hard work that pave way for success.

He says his teachers always wanted me to study well. They taught him the leadership qualities. He used to think it was a torture. But now he feels that his best part of life was the life in the Social welfare institution where he got life full of

inspiration. "My teachers taught me to dream, I dreamt without sleep and I realized my goal." Is what he says.

Now with all the experiences he got from different dimensions, he has now become an IRS officer. At present he is an Assistant Commissioner in the Revenue Services. As part of his job, he interacts with the biggest of industrialists and the smallest entrepreneurs. **Every one of his signatures is worth crores.** He has visited 12 countries participated in many international seminars.

Manjunath is twenty eight now and is wedded to Srivani, a B.Tech girl from Pileru recently. Right now he is in New Delhi attending an important conference.

The couple

"But these achievements are not as great as the achievement of bringing my parents and siblings out of manual labour. Keeping them away from poverty is the greatest of all achievements in my life." he says in a tone of great excitement.

He is also happy that a lot is being done through the APSWREI Society. He is delighted over the great reforms taking place in the Society with relentless efforts of the present Secretary, Dr. Praveen Kumar.

- Dr. K.F. Reddy.

# MANA TV - A HUB OF KNOWLEDGE CREATION

*It's the S R Shankaran's Rs.25000 Super Students Trophy contest.*

*Mana TV Super Students of Junior category marks a significant impact. The tone and teaching of Junior Swaeroes continues to echo more powerfully than ever, transcending their seniors with literary flavour. Their fluency of English language, knowledge of the subject, teaching skills, and the manner in which they face the camera is matchless.*

*Meanwhile, in order to end the season on a high scale, all those students that had taught on Mana TV are being invited along with their mentors to the Balbhavan, Public Gardens, Hyderabad on 21st April in order to celebrate the success of this brilliant project, and also to honour, to reward and award the winners of such prestigious S R Shankaran Trophy.*

*It's going to be a tough task for the wise judges in classifying the best. Can you guess who emerges for the top honours? Anyway, blessed are the lucky lads and lasses that are likely to win the Trophy!*

*Wait curiously for all the details of these celebrations in our next issue.*

## SUPER SWAEROES (JUNIORS)

**Name** : L. Pavani, 8<sup>th</sup> Class  
**School** : APSWRES/JC (G), Ranjole, Zaheerabad Mandal, Medak Dist.  
**DOT** : 5<sup>th</sup> March, 2014  
**TOPIC** : "Metals and Non Metals"

"Teaching of Mana TV is quite interesting. I could also see myself on the screen in action.

It was a thrilling experience. I wonder when exactly I would get another opportunity. Meeting my Secretary in his chambers and being appreciated by him is a greater reward than the remuneration."

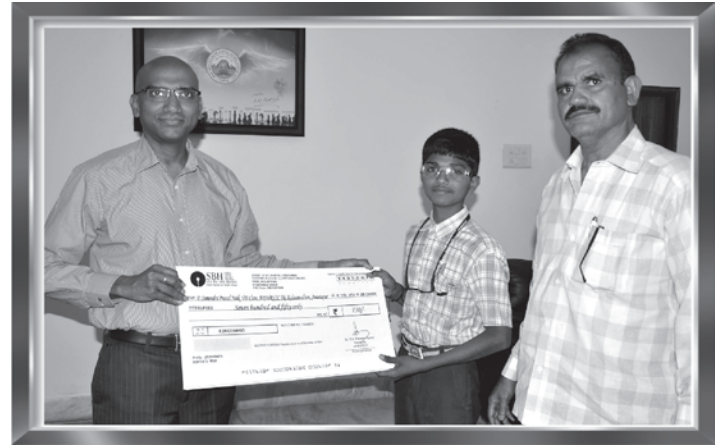

**Name** : B. Anitha, 6th Class  
**School** : APSWRS/Jr.College(G), Etcherla, Srikakulam District.  
**DOT** : 27th March, 2014  
**TOPIC** : "Hindu Desh ke Nivas (Kavitha pat)"

"What a privilege teaching on ManaTV. It's a rare chance which I made use of to exhibit my competence. I practiced very well for about ten days. I was thorough in the subject. I could talk fluently in English, and clarify the doubts raised quite easily. The certificate of teaching given to me shall be treasured. I thank my Secretary for the cheque."

**Name** : R.Yamini, 7th Class  
**School** : APSWRS / Jr.College (G), Nellimarla, Vizianagaram dist.  
**DOT** : 26th March, 2014  
**TOPIC** : "Parts of the Flower-Vegetative Propagation"

"Teaching on Mana tv was a golden opportunity to me. It was an amazing experience. This gave me an opportunity to see Hyderabad too. I wonder if I would see Hyderabad again! I wish that every student utilizes this opportunity. The remuneration is satisfying. This money is precious. Posing for a photograph with Secretary is unbelievable".

**Name** : P. Somendra prasad Naik, 7th Class  
**School** : APSWRS/JC(B), Kalasamudram, Anantapur dist.  
**DOT** : 14th March,2014.  
**TOPIC** : "Importance of Transport System"

"I come from a very poor family. My parents live in a hamlet which is located on a hill. Being poor and from rural area, I never dreamt of such a chance. Going all the way to Hyderabad city and teaching on Mana tv is a dream. I can't still believe myself. Did I really go to Hyderabad and appear on TV! My parents, teachers and friends say that it is true."

**Name** : M. Divya, VIII class  
**School** : APSWRS/JC(G) Chinthakunta, Karimnagar dist.  
**DOT** : 7th March, 2014.  
**TOPIC** : "Finding faces, Vertices & Edge of 3D objects"

"Teaching on MANA TV as a super student is a memorable experience in my life. It is really a memorable day acquiring congratulations with a reward of Rs. 750/- and a certificate as "Junior Super student from the hands of our Secretary, and Deputy Secretary. I have earned Rs. 1550/- so far by participating in various contests. I am very lucky for studying in APSWREISociety. I thank my mentor Smt. K. KanakaLaxmi, TGT Maths who helped me to teach successfully. I also thank my principal for her encouragement."

**Name** : Kum. K. Bhargavi, 8th Class  
**School** : Lakkireddy palli, YSR Kadapa dist.  
**DOT** : 13th March,2014.  
**TOPIC** : "Force"

"I was very happy when I was selected as super student to teach on MANA T.V. In the beginning I was a little nervous facing camera. I became more confident because I attended the summer leadership camp wherein they taught me to be confident. So I have presented my topic very confidently. Then I felt like a celebrity as my principal, teachers and friends appreciated me. Our beloved Secretary Dr. R.S Praveen Kumar appreciated me and awarded Rs. 750/- as cash prize with an appreciation certificate. The experience of Teaching on MANA T.V. is a golden opportunity and a great memorable moment in my life. My parents, friends, relatives and neighbors have seen it and appreciated me so much."

**Name** : G. Srilakshmi, 6th Class,  
**School** : APSWRSchool/Jr.College(G) Nelakondapally, Khammam dist.  
**DOT** : 10th March,2014.  
**TOPIC** : "Measurements & Angles"

"In particular I am thankful for my Mathematics teacher, N. Bhanu who escorted me to the studios and boosted my morale. She guided me to teach the lesson with the help of models, charts and power point presentation. Receiving an award from my great Secretary shall remain as a sweet memory in my entire life. Later a lecturer, Sri. Ashok of Nizam college, impressed at my teaching, also gave his blessings and a cash of Rs. 500/-. This opportunity helped me to see Secretary's chambers too."

**Name** : B. Shireesha, 8th Class,  
**School** : APSWRS/JC(G), Madikonda, Warangal dist.  
**DOT** : 11th March, 2014  
**TOPIC** : "Different Eco-System"

"Being a Junior Super Student is a wonderful privilege. I did well. I thank my teachers who guided me to perform well on Mana TV. All is possible when there's someone providing opportunities. Hats off to Secretary who discovers such new ways to learn."

**Name** : N. Sudha Rani SWAERO, 8th Class  
**School** : A.P.S.W.R.School / Jr.College (g), Kokkirapalli, Visakhapatnam District.  
**DOT** : 25th March, 2014.  
**TOPIC** : "Earth Movements and Seasons"

"I feel very proud to be called a SWAERO because it helps me to reach new heights. It gives me energy. When I watched Super Student's programme I thought that I cannot teach lessons like them on the TV. But now, I could do that easily with the encouragement of my principal and my teachers. First I participated at school level S.R.Sankaran Super students selections and I taught a lesson "Earth movements and Seasons" from Social Studies. I got Rs. 300/- reward. Then I was selected

**Name** : K. Udaya Chaitanya and B. Sowmya Rani  
**School** : 8th class, SWRS, Rajole, East Godavari dist. (handle a lesson together)  
**DOT** : 24th March, 2014.  
**TOPIC** : "Synthetic Fibers - Nylon"

**K. Udaya:** "It's a new experience teaching along with my friend Sowmya. We did well. It has been introduced for a change. We could demonstrate the concept without any confusion. These special incidents will remain indelibly in our memories. This is a great trend in the Society introduced by my secretary."

**B. Sowmya:** " Udaya and I had fine understanding. Udaya is quite intelligent. We have fine flair for teaching, and we proved

at the district level selections and got Rs. 500/- reward. Later I was selected at Zonal level selections and got Rs. 750/- as prize money. I am very happy for, my father was invited to my school to watch my live programme. He tells that he was very happy and proud of me”.

it. Our friends back at school, received us with applause. This custom of teaching by students on Mana TV is very fruitful. All enjoy it. I wish to do it again next year. Besides, it’s not done for free. The remuneration given is encouraging. Hats off to our Secretary for his brilliant thinking”

**Name :** S. Kumar, 8<sup>th</sup> Class  
**School :** APSWRS/JC(B), Sirpur town, Adilabad dist.  
**DOT :** 6th March, 2014  
**TOPIC :** “Different Eco-System”

“I have been working as a teaching assistance in the school. It has boosted my confidence and helped me to tackle the questions posed by the students with ease. My Science master, Sri. I. Saidulu explained to about ‘EARN WHILE YOU LEARN’ teaching project on Mana TV. I was first tested at the district level selections at Adilabad.

I informed my mother about my selection to teach on Mana TV. She came to the school, met the Principal and the teachers. Her elation was boundless. I’m the delight of her soul as I had lost my father. The Biology reference books “ECOLOGLY, ENVIRONMENTAL SCIENCE, (NCERT - 11th and 12th standard) specially were very useful. I prepared a few flash cards from the internet in our computer lab.

It was my first visit to Hyderabad. The live teaching was watched my all my friends and also by my mother in my school. My mother shed tears it seems!

My Secretary made me emotional saying, “this is my product and the strength of our Society”. I also introduced to the visitors present in his chambers.

I’ve earned Rs: 1,550.00 so far this year by bagging prizes in various competitions!! This is first earnings, and my mother’s happiness is inexorable.”

**Dear SWAEROES,**

I am happy to meet to you all through Swaeroes magazine. We are living in the world of competition. If we want to go for higher studies or get jobs, the only way is to work hard. Making use of time is the most important thing. Friends, don't be in a hurry to marry until you reach your goal. You have to convince your parents to allow you to study. Fortunately, many inspiring activities are conducted in our Society to boost the confidence of all girls. V4 Girls, Ignite, Science Fair, E-plus clubs can bring a lot of change in us. We must be thankful to our Secretary Sir for all these programmes. There may be problems at home. Have the courage to face them and you will be on the peak of success. I think I am doing the same.

# Face to Face with Zonal Officer-III

PARENTS FIRST MEETING AT GUNTUR :8.2.2014

**Sir, would you briefly tell us about your family and education?**

I was born in Gudipudi village of Bapatla mandal in Guntur district. My parents are Sri Venkatappaiah and Smt. Rathnavathi. Both of them are illiterates and depended on agriculture for their livelihood. My schooling was done in Gudipudi and Appikatla villages. My college education was done Prakasham and Guntur districts. I did B.Ed from Kurnool under S.V. University. For M.Sc (Botany) I went to Nagarjuna University. My M.Ed was done from Osmania University. I am proud to say that I am the first postgraduate from SC community from our village.

**What inspired you to get into the Society and in what cadre you entered the Society?**

Since I came from an agricultural family I know well what kind of life the poor lead. Right from my childhood I had concern for the poor and fortunately I got an opportunity to serve the poor and the oppressed. Ever since I entered the Society as PGT (Botany) I have also got to look after the institution as an In-Charge Principal. Thus, I have started playing a simultaneous role of an academican and administrator. This gave me to have a comprehensive outlook on the functioning of the institutions.

**What had been your memorable experiences as a Principal?**

Though there are many memorable incidents, the first one had been when my students secured 100% first class result from APSWR School, Asifabad in Adilabad district, which was the place of my first appointment. Working as

Principal in Shaikpet also gave me greater satisfaction, because I could bring in lot of reforms such as procuring MPLAD funds, preparation of Model Menu of Diet, introducing long time coaching for IIT aspirants etc. within my capacity. The up gradation was not taken up till 1994. But, with the support of the authorities, up gradation started in the year 1995 which benefitted the downtrodden. I am content with the up gradation. I have a long list of my achievements there.

**Did you have any regrets having been a Principal for a pretty long time?**

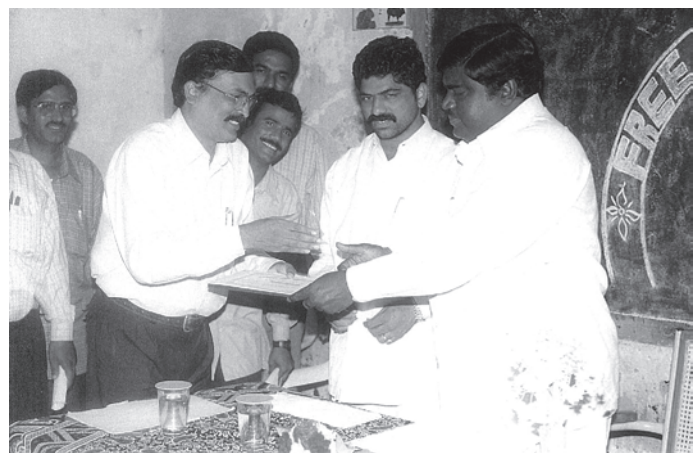

I should say that I am practical in every sense; there was no question of any regrets. I always enjoyed the support of my superiors and the coordination of my colleagues. Nothing benefits the institutions as much as team work. Instead of regretting, I would come out with better solutions for every problem.

**What milestones have been reached by you as a Zonal Officer?**

Being at the helm of affairs at the zone level is not that easy. Yet I never was at rest. I visited all the problematic institutions at first to make out the problems from different ends. There are three districts in our zone and 52 institutions including KGBVs.

**Which role is better liked by you, a teacher, a Principal or a Zonal Officer?**

For me the best of all is to be a teacher. As a teacher you could be straight away in touch with the students. Millions of minds are changed by a teacher. But, for a man of commitment every role is important in its own way. Changing individuals is changing society. Different

APPRECIATION CERTIFICATE AWARDED TO SRI D.CHINABHUSHANAM BY THE SOCIAL WELFARE MINISTER SRI J.PUSHPARAJU, PALLAPATLA, GUNTUR DIST

APPRECIATION CERTIFICATE AWARDED BY TO D.CHINABHUSHANAM BY THE SOCIAL WELFARE MINISTER SRI KADIYAM SRIHARI, SHAIKPET, HYDERABAD

APPRECIATE CERTIFICATE AWADED TO D.CHINABHUSHANAM BY THE SOCIAL WELFARE MINISTER SRI M.NARASIMHULU, ASIFABAD, ADILABAD DISTRICT

obligations in different roles help us change the set up all together.

**How do you receive the changes in the last couple of years?**

The reforms taken up by our Secretary for the last two years gave me a statutory support to implement all my ideas at the field level. I think our Society is buffeted by the rapidity of changes taking place in the last couple of years. Had it not been for the present Secretary, the status of students, teachers and parents would not have been as conscious as they are now. Beginning from the E-plus Clubs till the recent success of scaling Mount Everest, how many wonders have not been done? I think a literal washing up of conscience done. If this consciousness continues for a pretty long, we are sure to be on the pinnacle of success in everything that we take up.

**What special efforts are made to improve the language of English in your Zone?**

Communication is the most important aspect of learning a language. With the introduction of E-Plus Clubs, the very

APSWR S/JR.COLLEGE (B), PALLAPATLA, GUNTUR DIST

face of schools is changed. Confidence level of learners shot up like never before and the students who have been dormant so far have been sparked with the help of E-Plus Clubs. How much we have achieved is not so important as how we are achieving. Every effort is taken to maintain the vigor of E-Plus Clubs by motivating teachers first.

**What activities are proposed for teachers for the rapid academic progress?**

The two important aspects for teachers are: maintenance of Study Diary and Continuous Performance Assessment. If the subject teachers maintain one consolidated register of 200 pages for each class and different items can be incorporated into it so that principals can monitor several things regularly in an effective manner. Secondly, the continuous assessment of the teachers especially in academic issues is very important. Report on completion of syllabus, correction of notebooks, class wise, subject wise and teacher wise formats would be more effective.

**What suggestions would you like to make for the quality education?**

For the quality of education, right from the principal to the last teacher, everyone should stick to his job chart, and it should be scrupulously followed for achieving the goals from time to time. The students, the teachers and the parents should realize their responsibilities. Discipline can bring all the change expected by us.

## The Study Pattern

$$91 \times 11 \times 1 = 1001$$

$$91 \times 11 \times 2 = 2002$$

$$91 \times 11 \times 3 = 3003$$

$$91 \times 11 \times 4 = 4004$$

$$91 \times 11 \times 5 = 5005$$

$$91 \times 11 \times 6 = 6006$$

$$91 \times 11 \times 7 = 7007$$

$$91 \times 11 \times 8 = 8008$$

$$91 \times 11 \times 9 = 9009$$

$$91 \times 11 \times 10 = 10010$$

$$1 \times 9 + 1 = 10$$

$$12 \times 9 + 2 = 110$$

$$123 \times 9 + 3 = 1110$$

$$1234 \times 9 + 4 = 11110$$

$$12345 \times 9 + 5 = 111110$$

$$123456 \times 9 + 6 = 1111110$$

$$1234567 \times 9 + 7 = 11111110$$

$$12345678 \times 9 + 8 = 111111110$$

$$123456789 \times 9 + 9 = 1111111110$$

**P. Jyothsna**, VIII class

APSWRS/JC, Nallakanche,  
Ranga Reddy dist.

**POLINDROME:** A palindrome is a word, phrase, a sentence or a numerical that reads the same forward or backward.

Ex: NOON, MALAYALAM, MADAM, 15651, Rats live on no evil star.

Now, palindromes from mortifications:

$$11^2 = 11 \times 11 = 121$$

$$111^2 = 111 \times 111 = 12321$$

$$1111^2 = 1111 \times 1111 = 1234321$$

$$11111^2 = 11111 \times 11111 = 123454321$$

$$111111^2 = 111111 \times 111111 = 12345654321$$

$$1111111^2 = 1111111 \times 1111111 = 1234567654321$$

$$11111111^2 = 11111111 \times 11111111 = 123456787654321$$

$$111111111^2 = 111111111 \times 111111111 = 12345678987654321$$

**M. Susmitha**

X Class, Garrepally,  
Karimnagar dist.

$$37 \times 3 = 111$$

$$37 \times 6 = 222$$

$$37 \times 9 = 333$$

$$37 \times 12 = 444$$

$$37 \times 15 = 555$$

$$37 \times 18 = 666$$

$$37 \times 21 = 777$$

$$37 \times 24 = 888$$

$$37 \times 27 = 999$$

## Multification

$$25 \times 55 = 1375$$

$$25 \times 555 = 13875$$

$$25 \times 5555 = 138875$$

$$25 \times 55555 = 1388875$$

$$25 \times 555555 = 13888875$$

$$25 \times 5555555 = 138888875$$

$$25 \times 55555555 = 1388888875$$

$$25 \times 555555555 = 13888888875$$

$$25 \times 5555555555 = 138888888875$$

$$25 \times 55555555555 = 1388888888875$$

# ON BREATHTAKING ADVENTURE

(We are Swaeroes ... We go cosmos)

*The spirit and courage they show augurs well for the future  
It is highly sensational and risky, but worth the challenge  
Victory, laurels, fame, and glory are concealed in the risks  
Give the Swaeroes an opportunity ... then wait and watch  
Today they accept it, ready to exhibit their ability and execute  
Deeds incredible and unimaginable which many fear to tread  
With a super cop in the right place, right time, for right cause  
Poorna and Anand march forward to trek the Himalayan Heights  
To pitch the patriotic flags, and to hoist their savior's portrait  
With shouts of "I am not inferior to anyone" reverberating  
Across the length and breadth of the entire East and West  
To record their names in the Guinness and create history that  
None in the world has done so far at such a tender age of 13+ !!*

- Dr. K.F. Reddy

## Anand Swaero

## Poorna Swaero

Poorna, 9th class, SWRS, Tadwai, Naizamabad dist was born on 10-06-2000. Anand Kumar, Junior Inter, SWRJC, Annapureddipalli, Khammam dist was born on 18-04-1996. They have left Hyderabad on 6th April by A.P. Express to scale Mt. Everest, the highest peak in the world. They were rigorously trained by the 'Transcend Adventures Co.', under the careful watch of Sri. Shekhar Babu, a champion in rock-climbing. Shekhar Babu had reached the zenith himself twice before.

Indeed, it's a mighty adventure ... It looks simple to listen to, but highly hazardous in reality.

The daring duo were greeted and honoured by our affable Swaeroes of Hyderabad Central University on 1st; and Social Welfare Hostel, Kachiguda on 5th, so as to instil courage and confidence in them.

The pair also made a courtesy visit to our former and present Principal Secretaries, Sri. J. Raymond Peter, IAS and Sri. S S Rawat, IAS and sought their blessings a day before they left on the target. The two officers extended their warmth, encouragement, support and advice with all smiles.

The lad and the lass seemed pleasant, fit, and sound for the adventure. Let's pray and hope that they return with greater glory.

" जीवन एक संघर्ष है "

जीवन एक संघर्ष है, तुम लड़ते जाओ, बस लड़ते जाओ।  
 आराम एक गुनाह है, काम करते जाओ, आगे बढ़ते जाओ।  
 जो डरेगा, वह तो मरेगा, पायेगा वही जो काम करेगा।  
 आलस हमारा शत्रु है, नदिरा को काबू में रखो।  
 प्रेरणा पाओ, स्फूर्तिलाओ, क्रोध को काबू में रखो।  
 जीवन एक पुस्तक है, तुम पढ़ते जाओ, बस पढ़ते जाओ।  
 जीवन एक संघर्ष है, तुम लड़ते जाओ, बस लड़ते जाओ।  
 समय न व्यर्थ करो, अनुशासन का पालन करो।  
 काम न करो ऐसा, जसि से हो शरमनिदगी।  
 आये न फरि दोबारा, अनमोल है ये ज़िन्दगी।  
 प्रेम, सेवा और त्याग से तुम जुड़ते जाओ, बस जुड़ते जाओ।  
 जीवन एक संघर्ष है, तुम लड़ते जाओ, बस लड़ते जाओ।  
 तुम सब स्वारी हो, भवषिय के हीरो हो।  
 कुछ कर जाओ ऐसा, माता-पति, गुरु का नाम हो।  
 अपने वदियालय का नाम हो, अपने देश का नाम हो।  
 प्रगति के शखिर पर तुम चढ़ते जाओ, बस चढ़ते जाओ।  
 जीवन एक संघर्ष है, तुम लड़ते जाओ, बस लड़ते जाओ।

## TOUGH TIMES TILTED ( An Autobiography )

"I am a true Swaero in word and deed".

**I am Mr. B. Balarami Reddy, born on 11<sup>th</sup> September 1965 in Mangapuram village, Prakasham dist.**

**For most of my life, I lived in the company of Swaeroes. This gives me the right to claim that I'm a distinct Swaero myself.**

It was sheer poverty and the loss of my father, Koti Reddy that drove me to take shelter and study in Social Welfare hostel, at the age of 13. With two siblings younger to me, I was in the 7<sup>th</sup> class then. I still remember how my mother mourned over the death of my blessed father. With almost nothing to nourish on, my mother sought the help of my relatives. One of my uncles, Mr. Veeraswamy Reddy, rescued my family, as a messenger of my deceased dad. Being the eldest, I was first put in the Social Welfare hostel, Podili in Prakasham dist where I did my studies from the 8<sup>th</sup> standard to Intermediate. I received there insufficient food, a pair of free uniform and books, and an amount of Rs.7 as cosmetic charges which my mother couldn't afford those days. My two siblings too later found these S W hostels as their abode and study and sustenance. Thus the three of us are really proud to be Swaeroes without any regrets.

It was there that I saw several swaeroes. I knew nothing of untouchability, servility, oppression, or injustice. I only knew that such a hostel was for the poor children, like me. I mingled easily with my peers and made them friends for life. I ate with them, slept with them, played with them, studied with them, and even today, as a teacher at 50, live with them and their kith and kin.

One of my classmates of those days, Mr. P. Ramesh Babu, Headmaster of Govt. High School of Ramalingapuram is still my sincere chum.

**Ramesh Babu's testimony: "Balaram Reddy is my long-time acquaintance. He was a bright student from the beginning. We often recollect the days we did spend in the hostel and**

**meet other Swaeroes too. He's also a reasonable analyst and a genuine critic. He is also a model teacher that deserves rewards and awards in its true sense."**

After succeeding in Intermediate and B.A. in SVKP Degree College at Podili, I was skeptical about the future. Aware of my financial position, my goal was set on a teacher's profession. I was able to find job immediately in a private school for a year, and then secure a place in this APSWREI Society as TGT of S.S. in 1990. My first appointment was to SWRS, Uppalwai, Nizamabad dist and am today back in my native zone as PGT after completing M.A. from Osmania University. Now I continue to work at Chillakur, Nellore dist comfortably. I take care of my mother, and my siblings too are well settled. We are thus indebted to S W Ministry is live in our memories.

Since then I have been working as a teacher for the past 23 years imparting quality education to the underprivileged Swaeroes who study in these Social Welfare Residential schools. I consider them as my Swaero brothers.

*I participated in LEAD INDIA programme and trained many students for it. I also take active part in National Festivals. I train the students in co-curricular and extra-curricular activities. One of my students, Master Swaroop gained first prize in National level Folk Dance contests held at Dhoonthan, Kolkata.*

*I have been selected for the **Best Teacher Award** this year and received it at the Lalithakalathoranam on 28<sup>th</sup> January. It was indeed an unforgettable occasion taking the award from the three eminent personalities (Chairman, Vice-chairman, and Secretary). I am greatly elated to receive this award and I express my deep gratitude to our Secretary for his encouragement. This award makes me a proud teacher.*

As a SWAERO I proudly say that it is a great privilege to me to serve the students who are studying (like me) in the S W Residential Schools and Colleges. I hope that I will continue to serve with the same spirit till the end.

## ORIENTATION PROGRAMME FOR TEACHERS OF HINDI

**A**n in service Training Programme for a group of 47 Teachers in Hindi was conducted by Central Institute of Hindi, Hyderabad from 23.12.2013 to 03.01.2014. The Programme which commenced with a prayer song was inaugurated by Smt. Madhulatha, DS (Academic) and the Regional Director, Prof. Shankuntamma Reddy welcomed all the Participants.

Smt. Madhulatha reminded the participants about the importance of in service Training. The Coordinator, Prof. Hemaraj Meena briefed about the Central Institute of Hindi and its activities and later in the session asked the participants what can be learned from the children, trees and flowers and encouraged the participants to speak about the topic. A pre training test was conducted for the participants to assess the standard of the Teachers.

Prof. Shakunthamma discussed language skills with the participants. Dr. Anitha Ganguli gave detailed description about writing, reading, pronunciation, language plays and word constructions. Various teaching techniques were taught to the participants in the ten days training programme.

After the completion of the Training course a test was held on the topics learnt and prizes were declared. A guest lecture was given by Mr. Suresh Kumar Mishra, SCERT (Text Book Committee member - classes VI to IX) on preparation of lesson plan basing on CCE model. The participants prepared charts on topics like incomplete and inspirational stories to develop the creative skills of the participants, who in turn encourage the creative skills of their students.

**The Secretary, Dr. R. S Praveen Kumar, in the valedictory function exhorted the teachers to incorporate the skills in their teaching which they acquired in the training and released a hand written Magazine, 'GURUKUL SRUJAN' with the articles contributed by the participants. Prof. Anitha Ganguli, thanked the Secretary for his dynamic cooperation and optimistic views and hoped that this training programme would bring vibrant changes in the teaching techniques of the teachers.**

**Md. Khairath Ali,**

## PARENTS VOICE

*APSWREI Society has expanded special schools under the banner Centers of Excellence in order to execute a unique style of pedagogic advancement for the marginalized sections of the Society. Accordingly the three regions in the erstwhile Andhra Pradesh – Telangana, Rayalaseema, and the coastal region have been provided with one such institution.*

*These Centers of Excellence are distinct from the rest in several ways. Students who are bright or, otherwise who deserve admission into corporate schools but can't afford, are recruited through an entrance test into the 5<sup>th</sup> class, and they continue to study until Intermediate.*

*One such school has been in progress since 2006 in Visakhapatnam. The poor parents of this region consider this school as an endowment for their children.*

*On a particular Sunday, it being the day of visit for parents, Mr. Apparao drove past his auto into the campus this CoE, Vizag. He usually comes alone to see his son, but this time his wife, Narayanamma too accompanied him with her other two children. Being an astute, I hesitated no longer. Swaeroes are supposed to be pro-active, and so my chat with them runs thus .....*

**Is this Auto your own Mr. Apparao?**

Yes sir, I bought it on bank loan.

**How many children do you have Narayanamma?**

Three. One daughter and two sons. Tejaswini, this is my youngest son Ganesh, this is your Student Master.Chandu.

**Where do they study?**

My daughter, Tejaswini studied from 5<sup>th</sup> to Intermediate in your Meghadrigadda SW residential school successfully. She is doing her B.Tech. now.

My eldest son, Chandu is here in CoE, Vizag with you.

The youngest one, Ganesh too secured an admission into your SW residential magnet school in Srikrishnapuram.

Thus my three children are your products.

**But what do they speak to you about our schools?**

Oh, they keep speaking a lot this year. My two sons wrangle with each other, claiming each of their schools to be better than the other. They talk about lot of activities and their participation in them. And my daughter says that she was not exposed to these new activities during her days.

**What's your impression then?**

Admirable indeed. I see something new and good is

happening in the schools. When I see my children so active and lively, it energizes me too. Especially, my wife take delight in them. We notice a lot of improvement in these schools.

**Now that you are earning on your auto, why don't you join them in private schools?**

No, no, no. We are happy keeping them here. My children are doing well here. Private schools run business. I find quality education given for free here. Moreover, I'm rich because I have an auto. It's hardly enough to clear the loan. My earnings are very meager sir.

**What's it that prompts you to keep your children here?**

What not ! All is fine. English ... English medium. My children should speak English. This is a great opportunity. We are overwhelmed when our children speak some English at home. It's my pride.

Again, the care taken by the teachers and the management is commendable.

My children get free loading and boarding, free book, free uniform, free stationery, and above all free education which I can't honestly afford otherwise. I tell you Social Welfare schools are a boon for us the poor and underprivileged SCs. Our children surely will have better future if the present tempo doesn't wane. APSWREI Society is our rescue. We are grateful to all the officers who run this Society.

**How did you come to know about these schools?**

I came to know about them through my friends and media. Then applied for the entrance tests for all the three. They easily secured. Luckily my son Chandu got admission here in CoE.

**Do you know that our state is bifurcated?**

Yes sir, I'm aware of it.

**Do you have any apprehensions in this regard?**

We are little worried about it. It may hamper the development and wider opportunities. Naturally, the jerk will create some disturbance both in the minds of parents and the students. We don't like this split happen in schools and colleges. Education shouldn't be affected. Some say the small states have larger opportunities. Whatever it is, the present residential education should continue for the poor.

**Are you aware of the new developments in our schools?**

Yes sir, for the last two years we observe a sea-change in the very functioning of our schools. The medium of

education in the schools is English now. Many a novel programmes are introduced and many are in the pipeline. My son Chandu participated in the State Level Youth Parliament conducted by our Society for the first time in its history. He had been to Hyderabad to attend it. I was astonished at the manner in which the students spoke here at the Zonal level contests. My son invited me then. My son secured many prizes in various competitions. He also attended the Leadership Camp in Warangal for personality development.

**Chandu, why do you like this school?**

I am extremely happy here. The teachers here are excellent and inspiring. For this summer I am selected for Discover Fortune Camp, in Hyderabad. It is only because of the quality and conceptual education received here. I am able to compete now. With that confidence I plan to achieve my goal, IAS.

**What's your advice to other parents?**

In the parents' meeting, I told them that we should extend our cooperation to the teachers here, and support them in strengthening the standards.

We should share the responsibility in raising the children as good citizens.

We should make use of these free opportunities to the maximum.

I now advice them to understand the vision of Dr. R.S. Praveen Kumar, Secretary. He came to Vizag and spoke on Parents' First. It was highly motivating and inspiring. None would speak so affably. He seems to be genuinely interested in the poor. Let's follow him.

**Thus Mr.Appa Rao, an auto driver, reposes his immense faith in APSWREI Society. He's a very active participant in the school's programs. He's readily available to spend time and render his services to the school. He's not only interested in his children, but also in others. Such parents are a relief to us in times of need. He's capable of motivating and leading the rest of the parents. We wish him all the best. He's our friend.**

**P. NIRMALA RAJU**, P.G.T Eng,  
A.P.S.W.R. C.O.E VISAKHAPATNAM,

## Farewell Friend

*He is a man of all smiles. With his very appearance, he shows us that he is easy to approach. He is known for his gentleness. He is so down to earth. When he talks to his wards, to his teachers or even to his superiors, he never once intends to exhibit his pomp of power. He presents himself in the most comfortable posture whoever he speaks to.*

*He is popular as a consummate teacher of Telugu. That does not mean that he confines himself to teaching of Telugu alone. His wards tell you that he can teach any subject with ease. The surprising thing is that even as a teacher of Telugu, he allays fears among the wards about English by teaching it through play-way method.*

*As an administrator too he has proved that he is behind none. He has got the tremendous capacity to coordinate the people as well as things. He maintains good relations with students, teaching and non-teaching staff, parents, officials and non-officials.*

\*\*\*\*\*

He is none other than Mr. Masireddy Rajaiah, who served the Society in various capacities first as a devoted teacher, then as an able administrator. It is on the occasion of his superannuation on 31 March, 2014 which took place first in APSWRS/JC, Garrepally, all his achievements in his life in general and in the Social Welfare Society in particular are recorded here to inspire the fraternity of teachers and also the administrators.

Sri Masireddy Rajaiah was born on March 11, 1956 to Masireddy Mallaiah and Durga in a small village called Arenda, in Manthani Mandal of Karimnagar district.

Right from his childhood, he was interested in games and sports. He bagged many prizes by playing indoor games like Chess, Caroms, Tennicoit and athletics etc. At university level, he played an important role in the conduct of Inter-University tournament.

But in the same year, on December 8, 1984, he joined the APSWREI Society as PGT (Telugu) at APSWRS, Maidpally.

In May 1995, he got promoted as a Regular Principal and posted at APSWRS, Sirpur (T). Here in the very first year, he developed infrastructure facilities such as procuring water, leveling of grounds, maintaining greenery etc.

Later, he was transferred to APSWRS/Jr. College as a Principal. Here he was successful in acquiring the land for the school building.

During 2011-14, he was transferred to APSWRS/Jr. College, Garrepally. From 2013 onwards he had been Convener till his retirement.

Mr. M. Rajaiah is adjudged as a best teacher, best principal not only by the officials but also by all his

students, staff and parents wherever he worked. On the occasion of his superannuation all his well wishers from all parts of the district gathered in large numbers and bid farewell to the beloved man in a befitting manner.

***One of his students at Garrepally, who is now working in the Kakatiya University as a faculty member in the Social Work Dept. says, "I am proud to be a student of Sri Rajaiah garu. He would treat everyone with fairness. I was very weak in English. It was he who instilled confidence in me to speak English. If I am any communicative, it is because of him. Now, I have become a motivational speaker because of his support."***

Mr. Rajaiah on his superannuation says, ***"My success was in my team work."***

***Let's all wish him a healthy and happy retired life.***

***Farwell, dear friend.....***

# IMMERSION - An induction programme that Empowered Us

I would like to share how we were immersed in the induction training conducted for all the newly recruited principals to be successful managers of the young generation. In fact, the programme is a 'Winning formula' given to all of us entitled 'immersion' wherein all the participants benefited immensely

from the various topics discussed in the five day training programme conducted from 27<sup>th</sup> to 31<sup>st</sup> January, 2014 at Don Bosco, Ramanthapur, Hyderabad.

All the speakers inculcated the attitude

**I CAN - I** : Innovative intelligence

**C** : Confidence

**A** : Attitude Vs Aptitude

**N** : Network.

When we have the 'I CAN' ability we will reach the pinnacle of success.

Mr. Xavier Thomas made us realise our potential, gave definition to our lives and gave us a way to bring out our strengths and tackle our weakness and emerge as 'teacher leaders'. We were energised with a lot of fun games.

Ms. Jayanti Poojari taught us to understand the learning difficulties in young learners. As custodians of young and receptive minds, her session helped us to identify the meta cognitive deficits, perceptual disorders in learning and social disabilities in them.

Through Mr. Jose we could understand the wonders made through interactive and networking formula. His session on team spirit, 3 R Formula - Reason, Relationship and Religion which combine with group dynamics - to accomplish a common goal made us set new resolutions.

Body with discipline

Mind with vision

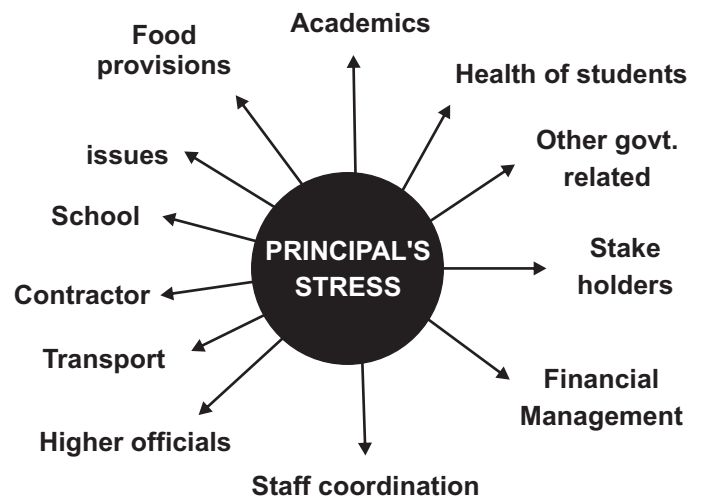

Heart with passion

Spirit with conscience

Financial Management plays a vital role in any institution. The sessions by Mr. Shiva Kumar Reddy and Ms. Parvathi Devi were answers to most of our questions on finance management. The session enlightened us as drawing and disbursing officers how should we use our powers and inculcated in us financial

discipline. It reminded me A.P.J. Abdul Kalam's words: **"If you salute your duty you need not salute anybody. But if you pollute your duty you have to salute everybody"**. The stress of a head of an institution which he/she faces in the school besides family and personal stress are illustrated in the given diagram. Fr. T.D. John helped us with tips to relieve our stress and lead a stress free professional and personal life. He familiarised us with stress management skills, how to cope up with stress and the ten principles of ethical approach.

- Right - to be respected
- Service - to be emulated
- Duty - to be pursued
- Problems - to be resolved
- Negligence - to be discouraged
- Delay - to be appealed
- Privilege - to be minimized
- Discrimination - to be thought
- Corruption - to be shunned
- Abuse - to be avoided

Smt. Syamala devi gave us an overall view of RTE and RTI rules. She enthralled all of us with her melodious voice singing విజ్ఞానం తోనే వికసించు జగత్తు, పసిపిల్లల చదువే దానికి విత్తు gave us relaxation techniques which can relieve our stress at the flag end of our work.

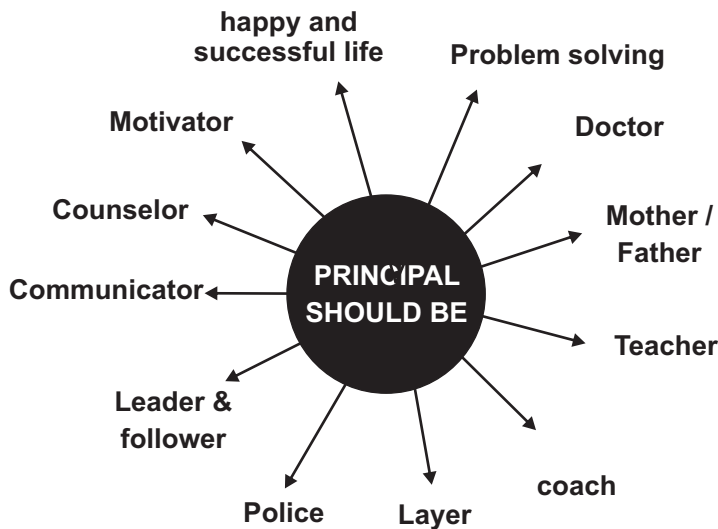

Mr. Santhosh Kumar gave a clear explanation of APCCA

rules and code of conduct illustrated with numerous examples.

Dr. Geetha challa, a psychologist, introduced the concept and importance of student counseling in schools. If the students are given counseling at the appropriate time, various issues such as depression, peer pressure, suicide tendencies etc., could be avoided in our schools.

**Body health + mental health**

Prof. Upender Reddy's session on 'Implementation of CCE' in the curriculum was very effective and compared the present system of teaching, learning and evaluation techniques to the proposed new system- CCE.

Though much more detailed clarity is required he gave us a bird's eye view of the new system.

C - continuity in evaluation and assessment

C - assessment is regular and periodical

E - evaluation of students' growth and development is continuous.

With lot of energy and enthusiasm all through the training period Mr. George Varkey guided us and participated in the program. He presented the 9 Multiple Intelligence theory of Howard Gardner. His session helped us to understand the learning style of each student and guide our teachers in turn to adapt various strategies to suit each learner. He has given us many helpful tips on setting rules to the students, maintaining teacher student relation, grabbing the attention of students, effective class room techniques, being effective colleagues and pastoral care of students which plays a vital role in the curriculum.

I thank our secretary, who is a teacher par excellence not by profession but by virtue of his passion and resourcefulness, for enabling us to participate in this training programme and be part of the noble mission he has embarked upon ...! May his tribe increase..!

**M. Manikyam**, Principal,  
APSWRS/Jr.College (G), Garugubilli.

## SKILLPORT OF MOUNIKA TEJASWINI

Mounika @ study

**C**reative Writing is a dominant talent. It's an integral gift of one's brain. I wonder if anyone would dissent this statement.

*Riding high on her recent wave of success in the IGNITE fest 2013-14, Mounika Tejawaini, a 9th class girl of SWRS, Rajamundry has displayed her extraordinary skill in the Essay-Writing contest in English. She crafts her words, sentences, style, paragraphing, and ideas in such a way that even judges sit dumbfounded while assessing the scripts. As a result, she grabs the first prize in Writing from the hands of the distinct Swaero, Sri. B. Prasada Rao, DGP of the state in the midst of appreciation and thunderous claps.*

Mounika reveals the secret of her success in Creative Writing to her junior Swaero, Viharika, 6th class in an interview.

**Viharika:** Akka, hearty congratulations on receiving 1st prize in Essay-Writing in the IGNITE fest contests.

**Mounika:** Thank you very much Viharika.

**Viharika:** How do you feel on receiving the 1st prize?

**Mounika:** I'm really happy about it. Ah, receiving the award from the precious hands of our stalwart DGP is incredible. Who would get such a chance? I'm really

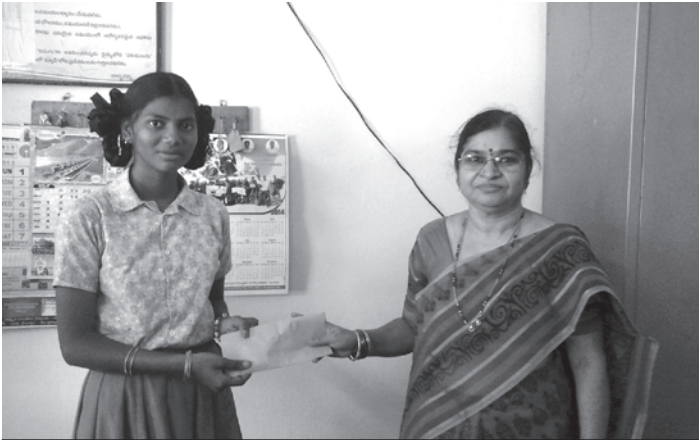

proud of it. We normally are under the impression that such chances are easy only for the rich and city children. It depends on the enterprise of the Secretary who makes such opportunities available for us.

**Viharika:** Did you ever expect the 1st prize?

**Mounika:** Certainly. I am aware of my abilities in writing. My teachers in the school prepared me well for the contest with lot of practice. I was sure of the prize and I got it.

**Viharika:** What's the prize that you were given?

**Mounika:** A cash of Rs. 10,000, a shield, and a certificate.

Ms. Ramana, principal rewards Mounika

**Viharika:** I know that you did participate in many contests. How much did you earn this year by winning the contests?

**Mounika:** I've earned about Rs.18600 so far. Besides, my teachers too contributed another Rs.17000 as an appreciation. I thank them for it.

**Viharika:** What have you done with this Rs. 37000?

**Mounika:** My principal has opened an account in my name, and deposited it all there. I shall make use of it in times of dire need, after I complete my studies in SWR school and intermediate.

**Viharika:** Oh, great. Would you say something of your writing skill?

**Mounika:** I sharpen my mind by reading. I have fine memory too. I recollect what I read or learn frequently. I'm well equipped with the skill of writing. My merit it is. It's intuitively present in me – a God's gift. It keeps increasing significantly as I keep on thinking and analyzing. My mind is a store-house of ideas which I'm aware of.

**Viharika:** What's special focus on?

**Mounika:** First, it's the hand-writing! My writing is pretty and legible. I neither scrawl nor screeed. Then I focus on the principles of writing like words, sentence-structure, paragraphing, creative ideas, etc. It's a technique. Writing needs special strategy. One can gain such skill only with avid reading.

**Viharika:** What was the topic of the contest?

**Mounika:** "Role of Science in everyday life".

**Viharika:** Would you say something about your nativity, parentage, and family?

**Mounika:** I hail from Ravulapalem village of East Godavari dist. My mother, Kanakadurga admitted me in this school. Later she died. I have three sisters. My father

left us destitutes and married again. It's my aunt and grandfather that take care of us. Under such circumstances, SWR schools are a blessing to us. Or else we four sisters would have in ruins.

**Viharika:** Yes, we are really fortunate to have these schools. Who is your inspiration?

**Mounika:** O course, it's our Secretary. I'm his fan.

**Viharika:** What makes you to be his fan?

**Mounika:** He's too gentle and nice sincerely loving us Swaeroes just as his own children. He's an ultimate stylish icon like. His love gives and happiness, and keeps us comfortable. He genuinely seeks our progress, you see.

**Viharika:** What's your special message to our Swaeroes?

**Mounika:** Reading changes one's perception. It's important for every student to practice writing. It needs real hard work. Superficial writing is not creative writing.

Secondly the Swaeroes should understand the amount of genuine interest our Secretary has in us. One then we can be his promising Swaeroes!

**Viharika:** Thank you akka for enlightening us on your views.

# Tee hee hee

**M. Jyosthna**  
VII class, Adilabad,  
Adilabad dist.

**Rabbit 1 :** What will you do if a tiger suddenly appears before you ?

**Rabbit 2 :** I'll run as fast as I can

**Rabbit 1 :** Don't do that, Just stretch your arms apart and stand like a doll. Don't move. It will go away.

**Rabbit 2 :** Who told you that?

**Rabbit 1 :** I have read it in a magazine recently.

**Rabbit 2 :** That's ok. But how do we know that the TIGER too might have read that in the magazine!

**B. Mounika,** VIII class  
Meghadirgedda,  
Visakhapatnam.

**Mother:** What are you writing Bhanu?

**Bhanu:** I am writing a letter to baby Shanu...

**Mother:** But you don't know how to write!

**Bhanu:** So what?... Shanu does not know how to read!

**M. Lavanya**  
VIII class, Meghadirgedda,  
Visakhapatnam.

**Mother:** Ravi, why did you beat Sarala?

**Ravi:** Mummy, you only suggested that whatever I get at school, I should share with Sarala!

**B. Vanaja**  
VII class, Adilabad,  
Adilabad dist.

**Harsha :** Why are all those people running?

**Jaggu :** They are running a race for a trophy.

**Harsha:** Who will get the trophy?

**Jaggu:** The person who wins.

**Harsha:** Then why are all others running?

**B. Ushasri**  
IX class, Adilabad.

**China:** Mom I won't go to school.

**Mother:** With out going to school what you will do?

**China:** I will do any work.

**Mother:** Now you are only UKG. What can you do?

**China:** I can teach lessons to LKG children.

**Nurse:** Sir, your wife's on phone.

**Doctor:** What's the matter?

**Nurse:** She wants to kiss you.

**Doctor:** I am busy. You take her kiss and give it to me later.

**Mother:** What did you learn in the school today?

**Son:** How to write.

**Mother:** What did you write?

**Son:** They haven't taught us how to read yet!

**Teacher:** If you could, what sort of machine would you invent?

**Raju:** A machine which would do my homework on pressing a button.

**Teacher:** You're very lazy, Raju. Well, Hari, what would you invent?

**Hari:** Something to press that button.

**R. Sagarika**  
2nd Inter, APSWRJC, Adilabad.

**Physics teacher:** Isn't it wonderful that Newton discovered the laws of gravity when an apple fell on him from a tree?

**Student:** Sure, had he been sitting like us in the class, he would not have discovered anything.

Send off to Poorna & Anand @ Rly. Stn., Nampally.

## Secretary speaks ...

*Dear Swaeroes,*

*You are the ornaments of the Society.*

Literacy and exposure enables and facilitates transformation in several ways. And so my mission for your empowerment is huge, long, and sustainable. I aspire to bring in a tectonic change to truly empower especially girls, in all fronts. I want you to excel in every walk of life.

All our programs and activities have gained incredible momentum and have become more popular than ever with everyone enthusiastically involved. My pursuit of nurturing you as a **WHOLE CHILD** doesn't cease with the end of the academic year. The journey would continue to buzz with curricular, co-curricular, and extra-curricular activities. This will empower and give you, your due status.

A remarkable phenomenon of you today is the realization that each one of you has the power to bring about transformation. You have earned this year the epithet of '**Swaeroes**' and spread it among yourselves. It now has to percolate within the society until it replaces the term 'dalit'.

I'm pleased at the organization of **Parents' First** meets in most districts where your participation and my moral support, drives home the point of transformation that we need to introduce through education. The **vision of Parents First** is to bring hearts closer, and spread warmth and happiness, giving new vigour en route. You need to tread on a door-to-door campaign to keep the flock together. You have to plunge into swaeroes units with a service motto to rescue our people.

As little swaeroes in the schools, you have spent a year actively participating in every event. I clearly notice the

improvement in your speech, manners, and studies. The most gratifying times were your teaching on *Mana tv*, and *the IGNITE fest*. The academic year ends with serious study and final examinations written well. I hope you will all gain good marks.

I don't want to neglect you during your vacation too. The APSWREI Society has mulled over running coaching centers for you to gain admissions into various streams through entrance tests. Accordingly we have started coaching for *LawCET*, *EAMCET*, *IIT/JEE*, *NEET*, etc. for many students. Further, we will also initiate summer special camps like *Voice 4 Girls*, *Leadership Camps*, *Water sports*, *Film Management Techniques*, *Music classes*, *Robotics*; and *Crazy Cats summer projects*. In all 10000 swaeroes will participate in these summer sizzles and benefit.

Noteworthy news is the **OP-Everest**. It's a *breathtaking adventurous expedition* to the Mt. Everest which is at a height of 29100 ft by two of our swaeroes, **Poorna and Anand**. They will pitch the patriotic flags, hoist the patron's portrait on the summit, and proclaim to the world the power of Swaeroes! This accomplishment will create *History and gain Glory* which none in the past dared to feat. It's risky, but **we are not inferior!** Your prayers should bring them back safely.

Once again I appreciate your behavior, your participation in all activities, and your abilities. Hope to meet you soon. Have good time ...

Go Swaeroes ... Go Cosmos ... Go Heroes!

**Dr. R. S. Praveen Swaero, IPS**  
Secretary, APSWREIS.
